1. Police Protection

Police services, including patrolling, response to calls and other routine services, will begin on the Effective Date of the annexation using existing personnel and equipment.

2. Fire Protection

Fire protection services, including emergency response calls, will begin on the Effective Date of the annexation using existing personnel and equipment and within the limitations of the available water supply.

4. Solid Waste Collection

Solid waste collection services, provided under contract with a private company, will be made available to all properties on the Effective Date of the annexation. Residents of the Property may elect to continue using the services of a private solid waste hauler for a period of two years after the Effective Date of the annexation. Businesses and institutions must make arrangements with private solid waste haulers.

5. Operation and Maintenance of Water and Wastewater Facilities

a. Water. The Property is located within an area over which the City of San Marcos holds a Certificate of Convenience and Necessity (CCN) for water service. In addition, the City is in the process of adding the Property as an area covered by the City's CCN for wastewater service.

6. Construction, Operation and Maintenance of Roads and Streets

As new development occurs within the Property, the Owner(s) of Property will be required to construct streets at the Owner's sole expense in accordance with applicable ordinances of the City.

7. Electric Service

The Property is located in the Bluebonnet Electric Cooperative service area. Thus, the City will not provide electric service to the Property.

8. Operation and Maintenance of Parks, Playgrounds, and/or Swimming Pools

No parks, playgrounds, and/or swimming pools currently exist within the Property. The same standards and policies now established and in force within the city limits will be followed in maintaining and expanding recreational facilities to serve the Property. Upon annexation, the owners and residents of property located within the Property shall be entitled to the use of all municipal parks and recreational facilities, subject to the same restrictions, fees, and availability that pertains to the use of those facilities by other citizens of the city.

9. Operation and Maintenance of Other Public Facilities, Buildings, and Services

The same standards and policies now established and in force within the city limits will be followed in maintaining and expanding other public facilities, building, and services.
