

Consent Agenda

Item XX

Receive a presentation from Destination Services regarding approval of budget of up to \$35,000 for the replacement and redesign of the Sundial Compass art piece at Prospect Park in Purgatory Creek Natural Area and provide direction to the City Manager.

Sundial Replacement and Redesign

Background

- Large compass sundial, located opposite The Learning Tree in Prospect Park's lower meadow, provides seating and educational opportunities.
- The outdoor art piece was installed by the San Marcos Greenbelt Alliance in 2009.
- The art is extensively damaged and unreparable.
- The San Marcos Arts Commission proposes to replace and redesign the structure with one that keeps to the original general sundial theme while reimagining the piece as an interactive work of art.

Center compass portion of existing art →

Sundial Replacement and Redesign

Current Location:

Sundial Replacement and Redesign

Goals

- Preserve reputation of City's commitment to the arts by maintaining and enriching existing collection
- Enhance this location known as the Cosmic Circle with an artistic rendition of a working, interactive sundial
- Encourage outdoor recreation
- Support tourism and creative placemaking by adding to the City's public art collection
