|---|--|--|---|---|
| Zoning Description | Light Industrial is intended to accommodate manufacturing and light industrial uses in order to promote economic viability, encourage employment growth, and limit the encroachment of non-industrial development within established industrial areas. Development should be operated in a relatively clean and quiet manner and should not be obnoxious to nearby residential or commercial uses. | The Future Development (FD) District is intended to serve as a temporary zoning district for properties that shall develop in the future but have been newly annexed and/or are not yet ready to be zoned for a particular Use. Characterized by primarily agricultural use with woodlands and wetlands and scattered buildings. | The GC District is intended to provide locations for limited (light) commercial and service-related establishments, such as wholesale product sales, automotive supply stores, veterinary services, and other similar limited commercial uses. The commercial uses within this district will have operation characteristics that are generally compatible with the CC, Community Commercial District. | The CD-1 District is intended for the preservation of open space and to protect the most sensitive natural resources in San Marcos. It may include widely dispersed rural singlefamily homes but is primarily characterized by extensive, undisturbed landscapes. |
| Uses | Primarily industrial uses as well as light manufacturing, offices, and warehouse and distribution. Examples of light industrial uses include food and beverage products, breweries, contractor storage, drycleaning, furniture manufacturing, and welding (See Land Use Matrix) | Residential / Agricultural (See Land Use Matrix) | Office, Service Uses, Retail, Commercial, etc. (See Land Use Matrix) | Agricultural & its Accessory Uses, Public & Institutional, etc. (See Land Use Matrix) |

Section 9.2.2.4 NC, Neighborhood Commercial District

- A. Purpose. The NC, Neighborhood Commercial District is established to provide low intensity office, retail and service facilities for the local neighborhood area. These uses should be compatible with residential uses in the neighborhood. Hours of business operation should be limited during the week, and businesses should generally close by 10:00 p.m. on the weekends. Businesses shall use landscaping and other buffering techniques to minimize their impact on the adjacent community. Equipment such as dumpsters and storage units shall be located away from residential uses and be screened. NC, Neighborhood Commercial District areas should generally be located on collector streets at the intersection of collector or arterial roadways and act as buffer areas for residential uses from the arterial traffic.
- **B.** Authorized Uses. Permitted and conditional uses, as authorized in the Land Use Matrix in Section 9.3.1.2. Accessory uses as authorized in Section 9.3.2.1.
- C. Additional Development Standards. See Section 9.1.1.1.
