

Negro USO Club Will Be Located In Old City Jail

SM RECORD
11/43

Renovations have started on the old city jail building on Somal street and when completed will be the Negro USO club. It is expected that the renovations will be completed early in December.

The director for the club, Mrs. Myrtle Hardin, formerly of Waco, arrived this week in San Marcos to assume her new duties. Mrs. Hardin attended Paul Quinn College and Sam Houston College. She completed her physical education course in New York City at the National Recreation Association and has a medal for ten years of service. Mrs. Hardin was director and superintendent of the Colored division of the Waco City Recreation department, and has had experience in social case work. She is a member of the Colored Baptist church and former chairman of the Colored division of the Civic Music association in Waco.

Plans are being formulated for the organization of the Colored community into the program of the Negro USO. The Negro club is an extension of the San Marcos USO club.
