### **OVERVIEW**

1. Summarize the program for which funding is being requested, the services it provides, and the clients it serves.

The mission of Hays Helping Hands (formerly Nosotros La Gente) is to serve our community by providing essential needs that positively impact lives. The requested funds combined with the funds our organization is able to raise will be used to provide emergency assistance to families in San Marcos with funeral, rent, utility and medical expenses. The organization uses the federal poverty guidelines to evaluate requests for assistance. Clients either contact Hays Helping Hands (HHH) directly or are referred to HHH by other social service agencies (i.e. Southside Community Center, The Society of St Vincent de Paul, Salvation Army).

## COMMUNITY NEED AND JUSTIFICATION –20 POINTS

*Evaluation: documentation and justification of the need for the program in the City of San Marcos.*

1. Describe in detail the need for this program in San Marcos.

For over 20 years, Hays Helping Hands (formerly Nosotros La Gente) has been able to provide emergency assistance for funeral, rent, utility, and medical expenses through its Community Assistance Program. For the past couple of years, the number of requests has been increasing continuously (averaging 8 requests per week). Clients either contact Hays Helping Hands (HHH) directly or are referred to HHH by other social service agencies (i.e., Southside Community Center, The Society of St Vincent de Paul, Salvation Army).

2. Has the need for this program been increasing in recent years?

Yes, the need for this program has been increasing each year, especially during the last 2 years. The Community Assistance Program provides emergency funds to our clients. The funds are used to prevent, eviction or utilities from being disconnected. Funds are also used to cover the cost of prescriptions and funeral expenses.

## IMPLEMENTATION –15 POINTS

1. Are all resources in place to be able to implement this program? If not, what is missing?

The only resource the organization is missing is a major fundraiser. Prior to the pandemic the organization hosted an annual turkey dinner fundraiser. Proceeds from that fundraiser were used to fund client requests for assistance. The organization continues to search for other fundraising opportunities. Either by applying for community grants, hosting fundraisers at local restaurants or hosting plate sales.

2. What specific, measurable outcomes or results do you hope to achieve with this program?

That the organization can satisfy each request that it receives at the level requested by our clients.

3. If funding is not available at the requested amount, what is the minimum Human Services Grant funding needed to be able to run this program? \$6,000.

To Whom It May Concern:

As Superintendent of Schools of the San Marcos CISD, I would like to express our appreciation for the work done in the community by *Nosotros la Gente*. Since 1996, they have provided assistance in medical, transportation, and social services to the school children of San Marcos CISD.

The providing of thousands of pairs of shoes to local children is, perhaps, their most outstanding service to the public school students. We sincerely thank them and look forward to working with *Nosotros la Gente* in the future.

Respectfully,

Michael A. Cardona

**To Whom It May Concern,**

It is with great respect and heartfelt appreciation that I write this letter of support for *Nosotros La Gente* and the incredible contributions they have made—not only to the San Marcos community at large—but specifically to Southside Community Center and the individuals and families we serve.

For over 25 years, *Nosotros La Gente* has exemplified what it means to lead with heart, purpose, and deep community roots. Their unwavering commitment to serving underserved families, celebrating cultural heritage, and creating access to essential resources has made them a vital partner in the shared mission of community uplift and housing stability.

At Southside Community Center, we have been fortunate to witness firsthand the impact of *Nosotros La Gente*'s support. Whether through providing emergency supplies, mobilizing volunteers, showing up for our events, or simply being a consistent presence for those in need, their partnership enhances our capacity to serve with dignity and compassion. *Nosotros La Gente* works specifically with Southside Community Center by assisting us in providing rental and utility financial assistance for our clients. They bring a spirit of solidarity and cultural care that strengthens every initiative we undertake together.

What makes *Nosotros La Gente* unique is not only their decades-long service but their deeply relational approach. Their team leads with humility, trust, and respect—core values that mirror our own at Southside. They understand the lived experiences of the people we serve and show up as true neighbors and allies, time and time again.

We are proud to stand beside them, grateful for all they have poured into this community and hopeful for the work we will continue to do together. Their legacy is one of love in action—and we are better, stronger, and more united because of it.

With deepest appreciation and full support,

Naiha Campos-Beierman and the Southside Team

Diana Romero, Miller Middle School Parent Liaison

[REDACTED]  
San Marcos, Tx 78666

Dear Human Services Advisory Board (HSAB):

I have been at Miller for three years as the Parent Liaison and I can say that I love my job. As I was a single mom for years, it took me a long time to achieve my goals in order to provide better for my kids. My parents were supportive in giving me advice and taught me how to build myself up in going to school and working two jobs to provide better for myself and my kids. I am grateful to God for his blessings. I have worked my way up to make more money, accepted a job that is professional and I am able to give back by working with students and families with resources and so much more. The NLG program not only provides the district students with free shoes and coats, they also help families with financial assistance. When the families call me or see me on campus, they tell me how they are grateful for our support to help them when in need. These programs were not around back in my day, so for them I am grateful to be a puzzle piece in providing the most important piece to our families.

In conclusion for this letter, I am asking for your support for Nos Otros La Gente (NLG) to continue in support of the shoe and coat program and the proposed grant request to the City of San Marcos Human Services Advisory Board. Providing the grant funding to NLG will provide the opportunity to address a real need for our children and families within our community. SMCISD students experience trauma associated with families not having enough funds to purchase a good pair of shoes for school and a warm jacket in the winter time. Through the support of Nosotros La Gente that barrier is removed for many families in need.

Respectfully, we trust in you to provide this program to be considered for approval and we look forward to this partnership for all our students in need at SMCISD.

Sincerely, Mrs. Diana Romero , Miller Middle School Parent Liaison

### PROGRAM STATUS

Please provide a written description of actions taken this period and how they helped achieve your program goals.

During this reporting period, Hays Helping Hands continued its commitment to ensuring that San Marcos children have access to essential clothing items that support their comfort, dignity, and readiness for school. Community support remained a vital part of this effort. A total of \$2,915.94 in donations was received from local residents, partners, and supporters. While these contributions were meaningful, the organization continues to seek additional fundraising opportunities to meet the growing needs of families in our community.

Program expenditures during this period totaled \$9,234.36, which provided 44 pairs of shoes and 71 coats to children in need. These items were distributed through our established partnerships with San Marcos CISD parent liaisons and school counselors, as well as through direct requests from San Marcos residents whose children do not attend the district. This collaborative approach ensures that families can access assistance through trusted community touchpoints while maintaining a streamlined and equitable referral process.

A significant improvement to the program was implemented this year. In previous years, school staff selected shoes and coats on behalf of students based on available information. This year, Hays Helping Hands introduced a more child-centered model that allowed students to choose their own shoes. This change not only improved fit and comfort but also supported student confidence and personal expression. Feedback from families and school staff indicates that this shift created a more positive and empowering experience for the children served.

Overall, the Shoe and Coats Program continues to address a critical need for San Marcos families, particularly those experiencing financial hardship. By combining community donations, strong

partnerships, and a more personalized approach to service delivery, Hays Helping Hands is strengthening its impact and ensuring that children have the essential items they need to thrive.
