

Prevent-a-Litter of Central Texas
PO Box 401
San Marcos, TX 78666

To Whom It May Concern,

Pet Prevent A Litter (PALS) of Central Texas would like to express our gratitude to the City of San Marcos for the donation of the 1998 Ford Econoline. PALS is grateful for the City's support in continuing our mission to end pet overpopulation and provide free/low-cost spay and neuter services to Hays County residents and their pets. The acquisition of this van will allow PALS to expand and reach new pets and residents in need of low-cost veterinary services without a mode of transportation or internet access

PALS plans to utilize this van to host our monthly Pet Food Pantry Distribution event to transport and deliver cat and dog food for Hay County residents located in various rural areas. This ensures that pets will have the nutrition they need. The van will also be used to facilitate access to affordable spay and neuter services for pets in families without transportation. PALS also plans to use the van to bring our affordable vaccination events to remote areas. This will enhance the accessibility of preventive pet care.

We are confident the use of this van will significantly impact our organization's reach to the Hays County community and support pet owners in need. PALS is thankful for your support.

Best,

A handwritten signature in cursive script that reads 'Lauren Foye'.
