AGREEMENT TO THE PLACEMENT OF ZONING NOTIFICATION SIGNS

The City of San Marcos Land Development Code provides that notification signs shall be placed on any property that is the subject of a zoning change, zoning variance, or conditional use permit. The signs shall be placed on the property by the Development Services-Planning staff prior to the 10th day before the scheduled public hearing based on the following criteria:

- Signs shall be placed on each street for property having multiple street frontages
- Signs shall be placed in a visible, unobstructed location near the front property line

Signs shall remain in place until final action is taken on the application, unless the case is formally withdrawn by the applicant prior to a final decision. Staff will remove the signs.

It is the responsibility of the applicant to periodically check the sign locations to verify that signs remain in place and have not been vandalized or removed. It is the responsibility of the applicant to immediately notify the Development Services-Planning Department of any missing or defective signs.

It is unlawful for a person to alter any notification sign, or to remove it while the case is pending. However, any removal or alteration that is beyond the control of the applicant shall not constitute a failure to meet notification requirements.

I have read the above statement and agree to allow the placement of notification signs as required on the project covered by the attached request. The Development Services-Planning staff has my permission to place these signs on my property. I will notify City staff if the sign is damaged or removed.
