All questions must be answered. Please type your answers.

OVERVIEW

1. What is the agency's or organization's mission?

Our purpose is to promote a better standard of living for the disenfranchised, unhoused, incarcerated, formerly incarcerated, and those in poverty. We aim to empower individuals who are struggling with burnt out hopes and dreams and unhealthy lifestyles through mentoring, mental health services, and life skills training and purpose preparation.

Our goal is to promote inclusiveness, racial harmony, economic advancement, leadership skills training, and personal development.

2. Briefly summarize the program for which funding is being requested and the services it provides.

Abundant Life Christian Church is seeking funding for the evolving Peace by Piece program,
Abundant Life Cares. This program will support the current and increasing community outreach
with the following resources:

- 1. **Mental Health Activities** Our comprehensive mental health program is staffed with licensed counselors and paraprofessional volunteer support staff. We offer expert assistance for mental health crisis support, mental health disorders such as self-harm, suicide prevention, substance abuse rehabilitation resources, and various other preventive and supportive measures.
- 2. **Sex Trafficking** We are launching a groundbreaking program aimed at addressing the urgent issues of sex trafficking within young adults and child populations. This includes cyberbullying, bullying, and suicide prevention.
- 3. **Food Insecurity** Our food program is committed to providing vital food assistance to those in need. Furthermore, we strive to offer healthy and suitable options for individuals facing food allergies and/or dietary restrictions. In addition, we provide these resources on a need basis and partner with local businesses and organizations to fill in the gap.

COMMUNITY NEED AND JUSTIFICATION - 20 POINTS

MENTAL HEALTH SUPPORT AND PREVENTION SERVICES

1. Describe in detail the need for this program in San Marcos.

Hays County faces a significant shortage of mental health resources, especially for underserved individuals who are unable to afford professional services. The Hays County Community Health Assessment shows confirms that this need has increased. Therefore, our program serves as a critical lifeline, offering swift assistance to those in crisis through a blend of paraprofessional and professional support along with necessary referrals. It is our mission to ensure that everyone in need receives the vital help they deserve.

As a church, we have become a trusted beacon of hope, attracting individuals in need of assistance, and we are gratified to receive referrals from others who have witnessed the positive impact we have had on those we serve.

2. Has the need for this program been increasing in recent years?

The demand for assistance in Hays County has surpassed the available resources, especially since the onset of the pandemic. We have observed a notable increase in individuals requiring general and critical mental health resources and struggling to access the assistance they need. To address this challenge, we are dedicated to providing the necessary tools and resources to support individuals in their professional care development. Our team is committed to leveraging volunteer staff resources to facilitate intake and assessment processes, ensuring that we can identify and secure the vital resources or funding streams needed to help those who need it most.

3. Client Information

Definitions:

<u>Direct Client</u> - individuals or families immediately affected or personally served by the helping agency.

Our clients encompass a wide range of individuals, including youth, teenagers, young adults, adults, college age and students, members of the LGBTQIA+ community, and pregnant women and the elderly.

Questions:

a. Describe the direct clients for this program.

Our clients encompass a wide range of individuals, including youth, teenagers, young adults, adults, college students, members of the LGBTQ community, and pregnant women and the elderly.

These direct clients face a range of challenges, from family and domestic violence to substance abuse, self-harm, suicidal thoughts, body image issues, family dynamics, foster care, and the need for initiatives to prevent incarceration.

b. How is the program marketed to direct clients? How do you find these clients?

Currently, we rely on our in-house team and business and organization referrals for our marketing efforts. With increased funding, we aim to enhance our outreach by engaging in social media advertising, partnering and collaborating with established organizations that provide these services at no cost.

c. Expected total annual unduplicated direct clients who are City of San Marcos residents:

Our expected total of annual unduplicated direct clients for the calendar year is 300. That calculates to approximately 25 unduplicated clients per month. Those clients are being managed by 4 volunteer support staff members.

SEX TRAFFICING PARTNERSHIP SUPPORT ASSISTANCE

1. Describe in detail the need for this program in San Marcos.

This support assistance is in a developmental phase with the professional organization that is specific focus on this topic.

2. Has the need for this program been increasing in recent years?

We are in the process of gathering data from our partnering professionals to investigate the measurable data to inquire on our phase one of implementing our outreach.

3. Client Information

Definitions:

<u>Direct Client</u> - individuals or families immediately affected or personally served by the helping agency.

Questions:

a. Describe the direct clients for this program.

This program will support our youth to adult target audience.

b. How is the program marketed to direct clients? How do you find these clients?

We are in discussions to determine our community reach, however, the professional organization will provide all documentation needed to ensure the program and its attendance.

c. Expected total annual unduplicated direct clients who are City of San Marcos residents: We anticipate quarterly gatherings of 75 attendees for a total of 300 unduplicated direct clients.

FOOD INSECURITY ASSISTANCE

1. Describe in detail the need for this program in San Marcos.

In light of our current economic situation, the demand for food assistance has surged. Both referrals and walk-ins for support have increased. Consequently, we are intensifying our efforts and forging partnerships with other agencies to meet this growing demand. A pressing issue we are now addressing is the rising number of college age and college students experiencing food insecurity. Many are unable to access public assistance due to conflicts with their college school schedules and various public locations. Our location uniquely positions us to provide direct support to these students, as well as to young families and individuals within a mile and a half radius of the University college apartments and community homes in the Northwest sector of the San Marcos area. Our location is on the San Marcos and Texas State Bus route.

2. Has the need for this program been increasing in recent years?

In the last three years, our number of requests has doubled annually, illustrating an escalating demand for our services as the word spreads. Our forthcoming facility has been purposefully tailored to meet this growing need and will be fully operational throughout the grant cycle.

3. Client Information

Definitions:

<u>Direct Client</u> - individuals or families immediately affected or personally served by the helping agency.

Our clients encompass a wide range of individuals, including youth, teenagers, young adults, adults, college age and students, members of the LGBTQIA+ community, and pregnant women and the elderly.

Questions:

a. Describe the direct clients for this program.

Our clients encompass a wide range of individuals, including youth, teenagers, young adults, adults, college age and students, members of the LGBTQIA+ community, and pregnant women and the elderly.

b. How is the program marketed to direct clients? How do you find these clients?

Our clients are from our local surrounding location. We do not have to find the clients as they come to us via referral from other organizations. We have relationships with various community businesses and organizations that forward us as another food resource. In addition, we market through our church and website.

c. Expected total annual unduplicated direct clients who are City of San Marcos residents: We anticipate weekly food distribution of an average of 20 families which will affect 400 unduplicated direct clients.

IMPLEMENTATION - 15 POINTS

1. How exactly will these funds be used?

All funding secured will be used to directly support the three support and assistance areas Mental Health, Food Insecurity, and Sex Trafficking.

Due to our diverse community population our support ranges from that of family households with youth to high school age children as well as individuals from college age and college students to 60+ including those that are unhoused.

With the assistance of our highly trained and licensed counselors and support staff and intake process we can determine the best course strategy to appropriately meet or provide the necessary resources to assist everyone.

Meeting the needs could be as simply as providing a box of healthy food and recipe options to arranging for an immediate appointment with an expert to assist with critical life/death self-harm.

2. What specific, measurable outcomes or results do you hope to achieve with this program?

Through this program, we can assist those in critical need through our community support program, Abundant Life Cares. The significant number of individuals we've supported in the past year is a compelling reason to maintain our progress and explore new, innovative approaches to provide lasting and reliable support services.

The chart below shows the specific areas of concentration and the program area it falls as well as the increase in results for the last 60 days.

| INDIVIDUAL NEED | PROGRAM SERVICE AREA | INCREASE LAST 60 DAYS |
|-------------------------------|-----------------------------|-----------------------|
| ADULTS AGE | MENTAL HEALTH ASSISTANCE W/ | 30% |
| | COUNSELING | |

| | HEALTH ASSISTANCE | |
| TEENS (MIDDLE & HIGH SCHOOL) | TEEN MENTAL HEALTH | |
| SEX TRAFFICKING | * SEMINAR/MENTORSHIP/1-ON-1 | |
| | ASSISTANCE | |

^{*}The teen cyberbullying and suicide need is currently being launched through organization partnership.

With input and expert guidance from our partners, volunteer lived experienced and staff and an increasing demand for assistance, we understand the need to continually innovate and enhance our program to better serve those in critical need.

With additional funding, we plan to enhance the training and certification of our volunteer counselors and support staff. Additionally, we aim to not just expand our food pantry, but also offer healthy options for individuals with allergies and dietary restrictions.

Given the escalating issues of drug overdose, suicide, and mental health challenges among teens, we are committed to providing funding for those in need to access vital assistance from professional experts, including motivation, training, mentorship, guidance, and if necessary, care facilities.

Our ultimate goal is to ensure that every person, regardless of their circumstances, has the necessary tools and resources to become a positive and self-sustaining member of and in our community.

3. List the title of each position for which funding is requested and the activities associated with those positions.

| Position Name | Full Time/Part Time | Activities |

4. If funding is not available at the requested amount, what is the minimum Human Services Grant funding needed to be able to run this program?

To successfully meet the needs of our community and to operate the *Abundant Life Cares Program* we need a minimum amount of \$75,000.00. These funds will help us appropriately expand and operate the Abundant Life Cares program by ensuring we hire the necessary

key positions and program materials and supplies to continue assist and provide community clients with the services we offer.

IMPACT AND COST EFFECTIVENESS - 25 POINTS

1. Programs can provide value by deeply impacting the lives of a few, with effects that may ripple through generations, or by providing smaller but meaningful impact to a larger group. Describe in detail the impact this program will have on the identified need and on San Marcos residents.

STEPPING UP TO SERVE is our commitment at Abundantly Life Christian Church. Our community is growing stronger every day, week, month, and year. As a church, we are dedicated to empowering individuals to live victorious lives. We seek to build meaningful relationships with everyone who walks through our doors, offering hope for a better tomorrow. Collaborating with businesses, organizations, and community leaders in the San Marcos region, we aim to be a catalyst for positive change and progress. With the support of our local community, we are championing the creation of a nurturing and resilient San Marcos. Together, we can address the needs of our residents, including those who are unhoused, and provide resources for healing, health, and harmony through unified effort.

2. Discuss the amount of overhead compared to program costs.

The Abundant Life Cares Program is currently operating with very limited funding. This is restricting our ability to expand our outreach to licensed professional experts and trained volunteer staff. Our forecasted budget shows that we need more funds to efficiently provide inclusive and sustainable capacity and training implementations to ensure quality service. With increased funding, we can bridge the educational gap and better support those we serve.

3. Provide a brief description of other funding sources, volunteers, or in-kind donations that are expected to be used with this program.

The program is still planning to receive donation support from the congregation of the ALCC church. We are currently receiving in-kind donations and are in partnership negotiations with our local San Marcos Food Bank to arrange food pick-up and distribution on Fridays. Additionally, we are reaching out to various grocery stores within our community to seek assistance with providing frozen meats, fruits, and vegetables for our outreach efforts.

4. What has your organization done in the past two years to raise different funding for this program?

Our organization is mainly run through benevolent donations from the community. This and other opportunities presented from organizations like the St David's Foundation and other philanthropic organizations are new sources of income that we are now engaging with. We service the San Marcos area. Therefore, we are approaching the City of San Marcos as one of our first partners.

COMMUNITY SUPPORT – 10 POINTS

1. Please submit 3-5 letters of reference that indicate strong local support for the program and the agency's ability to implement it as described in the application.

Within the supportive documents are program support letters from the following:

Cyrus Gray – Community Member

Shetay Ashford-Hanserd, Ph.D. – Accyss Network

Paul Buntyn – Community Member

2. How is the Board of Directors selected?

The members of the Board of Directors shall, upon election, immediately enter upon the performance of their duties and shall continue in office until their successors shall be duly elected and qualified. All members of the Board of Directors and Advisory Council must be approved by a majority vote of the members present and voting. No vote on new members of the Board of Directors, or Advisory Council, shall be held unless a quorum of the Board of Directors is present.

Each member of the Board of Directors shall be a member of the Organization whose membership is at no cost and shall hold office for up to a two-year term as submitted by the nominations committee.

3. How often does the Board meet?

The board of directors' meetings are held on a quarterly basis per calendar year. On occasion, meetings may be called to assist with critical decision making and/or financial discussion and approval.

4. What actions do Board members take to support the programs of the agency or organization?

All board members currently support the program by providing advisory and in-kind support when called upon.

5. How many volunteers does your agency or organization have and how many hours do they spend on the program requesting funding?

We average 5 weekly volunteers who provide upwards of 120 hours per week. This includes members who provide mental health evaluations, food distribution efforts and planning.

COUNCIL PRIORITIES - 30 POINTS

1. How long has this program served San Marcos residents? (10 points if at least 2 years)

The Food Pantry program has been a resource to the community for over 5+ years.

2. Does the agency have an office in San Marcos? (10 points if yes)

Currently, our Peace by Piece nonprofit organization will reside within the premises of Abundant Life Christian Church.

3. Describe how this funding creates an increase in services or an increase in the number of people served. (10 points)

Currently, our ALCC church relies on the generous donations from our congregation. As our church attendance grows and our presence in Hays County expands, we are receiving an overwhelming number of calls from the community seeking assistance. It is our mission to not only meet these needs but also to help our community flourish.

In addition, due to our strategic location, we have seen a surge in the demand for food assistance among college students. Our three food distribution locations on the east side of IH-35 serve as vital resources, with our location being the closest to Texas State University and the sole provider in the northwest region of San Marcos. Our location sits along the metro bus routes and the San Marcos ISD headquarters.

II. FUNDING RESTRICTIONS

By signing this application I certify the following to be true:

- 1. All Human Services Grant funding will be spent on San Marcos residents, except for school-based programs, in which case it may be spent within the San Marcos Consolidated Independent School District boundary.
- 2. Funding requested is not more than 50% of the total funding for the agency.
- 3. Funding will not be used to fund more than 20% of a full time position.
- 4. Agency has been in existence for at least 2 years. (This can include serving communities other than San Marcos.)

I am Paul Buntyn, Sr. I am the Founder and Pastor Emeritus of the Abundant Life Christian Church of San Marcos. Since my retirement in 2020, I have the privilege and honor to witness the dedication and commitment to further a deliberate continuation and expansion of services provided by the Peace By Piece program of ALCC. Due to the recent covid pandemic, the need for mental health services has greatly increased. This is coupled with challenges already prevalent in our society. The pandemic highlighted the scarcity of mental health resources. State, county and local providers are struggling to provide adequate care. This has strained public assistance resources and burdens law enforcement and other public resources.

The Peace by Piece program is poised to reduce gaps in mental health services and food insecurity. These volunteers have been consistent in receiving ongoing mental health training that has greatly improved their effectiveness. This training has enabled them to avert suicides, self-harm, depression, family violence and other critical events that your citizens face. They have also connected with trained, certified, and credentialed professional counselors at reduced cost that allow the Peace by Piece staff and volunteers an avenue to escalate client needs.

The Peace by Piece program will prove to be a great asset to the City of San Marcos. Therefore, I support their request for funding recommend their efforts be supported by the City of San Marcos.

Sincerely,

Paul Buntyn

Dear Human Services Advisory Board Members

I am writing to express my overwhelming support for the Peace By Piece program provided by the Abundant Life Christian Church. I became aware of their valuable services in early 2024, and I have since recognized the critical importance of their work in addressing significant community needs.

The necessity for the services offered by Peace By Piece has been evident long before the onset of the Coronavirus pandemic. Issues such as limited mental health services, increasing food insecurity, and the alarming rise in sex trafficking have negatively impacted our ability to provide adequate care, burdened law enforcement, and strained public assistance resources.

The Peace By Piece program is uniquely positioned to meet these challenges and bridge the gaps in mental health services and food security for the citizens of San Marcos. Strategically located near a diverse population north of the university and easily accessible via I-35, San Marcos and Texas State University bus routes, and within walking distance for many students and residents, this program is readily available to those in need. Their team of credentialed and accredited counseling professionals is both effective and agile, capable of quickly responding to individuals in crisis. Additionally, their collaboration with organizations like Ransomed Life grants them access to trained education and counseling providers specializing in addressing the growing issue of sex trafficking in our region.

With funding from the City of San Marcos, the Peace By Piece program can significantly expand its services to a larger number of citizens. This expansion will not only decrease the reliance on

law enforcement and other limited resources but will also enhance the overall health and safety of our community.

Therefore, I strongly support the funding request for the Peace By Piece program and wholeheartedly recommend that their efforts be backed by the City of San Marcos. This program is crucial in serving the underserved populations of our city and providing the critical resources needed for holistic community support.

Thank you for your consideration.

Sincerely,

Shetay Ashford-Hanserd, Ph.D Founder, President & CEO
