Staff: Craig Garrison Title: Planner Date: November 5, 2025			te: November 5, 2025	

Conditional Use Permit	206 W San Antonio St
CUP-25-60	Eden

History

Eden's Initial Condition Use Permit (CUP) approval was on May 14, 2024, with the CUP becoming active on October 8, 2024 with the approval of the Certificate of Occupancy.

Additional Analysis

An interior stage and interior speakers are shown on the floor plan. The applicant has stated they are <u>not</u> proposing to install outdoor speakers or televisions. Eden is located in downtown San Marcos, but is outside of the Central Business Area (CBA).

Due to the frequency of police calls, and severity of subject matter of these calls, staff is recommending a one-year approval of the CUP. The Police Report is included in the packet.

Per Senate Bill 1008, City Staff may not enforce certain limits on amplified sound from a business, unless it's a restaurant. Since this business does not meet the definition of a restaurant, the City can enforce the existing noise ordinance and the conditions related to noise added to this CUP.

	Evaluation		Criteria for Approval (Sec. 2.8.3.4 & 5.1.5.5)
Consistent	Inconsistent	Neutral	
<u>X</u>			The proposed use at the specified location is consistent with the policies embodied in the adopted comprehensive plan.
<u>X</u>			The proposed use is consistent with any adopted small area plan or neighborhood character study for the area.
<u>X</u>			The proposed use is consistent with the general purpose and intent of the applicable zoning district regulations.
<u>x</u>			The proposed use is compatible with and preserves the character and integrity of adjacent developments and neighborhoods, and includes improvements either on-site or within the public rights-of-way to mitigate development related adverse impacts, such as traffic, noise, odors, visual nuisances, drainage or other similar adverse effects to adjacent development and neighborhoods.
<u>x</u>			The proposed use does not generate pedestrian and vehicular traffic which shall be hazardous or conflict with the existing and anticipated traffic in the neighborhood.
		<u>X</u>	The proposed use incorporates roadway adjustments, traffic control devices or mechanisms and access restrictions to control traffic flow or divert traffic as may be needed to reduce or eliminate development generated traffic on neighborhood streets. No improvements are being proposed as the subject structure is an existing development.
		<u>X</u>	The proposed use incorporates features to minimize adverse effects, including visual impacts, of the proposed conditional use on adjacent properties. No visual impacts are expected to cause adverse effects on adjacent properties.
<u>x</u>			The proposed use meets the standards for the applicable district, or to the extent variations from such standards have been requested that such variations are necessary to render the use compatible with adjoining development and the neighborhood.
<u>x</u>			The proposed use is not within 300 ft. of a detached single family residence located in a zoning district that only permits detached single family residences.
<u>x</u>			The proposed use is not within 300 ft. of a church, public or private school, or public hospital.
<u>X</u>			The proposed use is not within 1,000 ft. of a public or private school as outlined within section 5.1.5.5.
