Subject: [EXTERNAL] 2 Friday's in a row Tantra noise levels

Hi Amanda,

This Friday (yesterday) Tantra's noise levels are unreasonable.

There are Moms coming out of HEB with kids exposed to that music and if only I had gotten a photo of the Mom's reaction. This also occurred last weekend.

We are setting a dangerous precedent for this level of noise for future businesses encroaching on single family homes. We all want small business to be successful in our community, but not at the expense of home owners and not

if we are setting a domino effect in place. When is Tantra's CUP up for renewal?

Thank you

LMC

1. Please add this into record for when their CUP comes up. Be sure this video is played at the CUP hearing, or I will deduce city staff are covering for them.
2. If they are breaking rules, then issue violation. Immediately.
3. Ensure this stops not to be repeated.

Should children and adults be exposed to this when they go to the store?

Should the home owners and renters have to endure this?

Now, Zelicks is cranking their music tonight. Why? You allow one to bend/break a rule they all follow.

This is the domino effect that elected officials and city staff just do not get.

Nor, do they care.

Regards, LMC

Subject: [EXTERNAL] "Like you give a F*ck" - Week Two Profanity Impacting Kids - Tantra CUP

Good Evening,

I see your conversation with Tantra had impact Amanda. - NOT
This is the third time I am asking

- Is there an ordinance against amplified music with profanity?
- If not will city staff create one?
- If not why not?

This is the first time I am asking - What is the allowable decibel in the code?

Because I am about to purchase a reader?

[Amazon.com : decibel meter](#)

Best, LMC

PS I work all week - its not like Im Cagney and Lacey staking out HEB, I go to the store to get my food,
the profanity is raining like the property taxes.....

***Description of attached videos:** The person filming is outside of HEB, located at 200 W Hopkins St, directly across the street from Tantra. The viewer can hear amplified music coming from Tantra. The vocals are clear and profanity is audible. While the videos do not clearly show a band on the stage, the music sounds as though it is being performed live.

Note: The videos are on file at the Planning and Development Services office and are available to view by appointment. Please contact planninginfo@sanmarcostx.gov.

****In response to these emails, the City of San Marcos Police Department sent police personnel to meet with Tantra's manager regarding the noise levels and profanity.**

The officer went out and found no music playing when he arrived around 2213 hours. He noted patrons were leaving and the band had packed up.

Subject: Noise Complaint About Bands Playing Inappropriate Lyrics Near Neighborhoods

I am writing to bring a concerning issue to your attention regarding the bands that have been

playing near our neighborhoods, specifically across from the grocery store. While I appreciate the presence of live music and the vibrancy it brings to our community, I have observed that some of the bands have been performing with excessively loud volume and playing inappropriate lyrics. **Tonight's line up was about cannibalism with infant victims. "Im going to eat your F*cking Baby" could have been easily changed to "Im going eat your taco."**

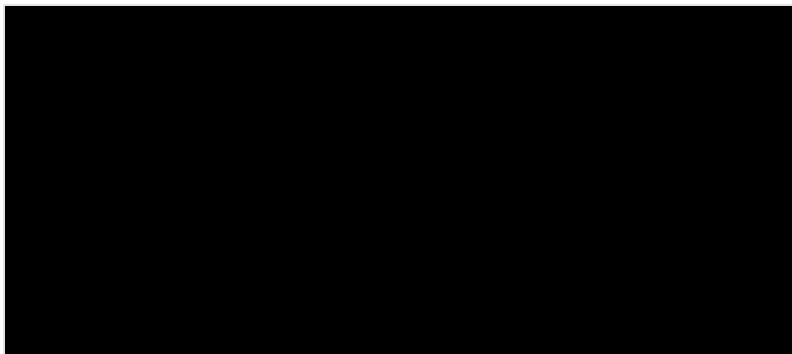

Given that the areas surrounding the grocery store are primarily residential, the loud music, especially when coupled with explicit or offensive lyrics, is having a significant impact on the quality of life for the residents. It is not only disturbing the peace and tranquility of the neighborhood but may also be inappropriate for children and families frequenting the grocery store.

I have kindly requested that measures be taken to address this issue, either through sound level regulations or by ensuring that the content of the music being performed is more suitable for a public area. **These requests have not been honored by Tantra.** I believe that a balance can be struck to accommodate live music while also being considerate of the surrounding community.

Thank you for your attention to this matter, and I hope that we can work together to find a suitable solution. I would appreciate the opportunity to discuss this further at your earliest convenience.

Sincerely,
LMLC
