II. QUESTIONS

All questions must be answered. Please type your answers. Application evaluations will be based on, but not necessarily limited to the criteria stated in each section.

OVERVIEW

1. Summarize the program for which funding is being requested, the services it provides, and the clients it serves.

The primary goal for this grant is to provide services to more San Marcos children/youth in state foster care and substitute care with compassionate and effective advocacy to achieve safe, permanent homes. It is vital that we recruit, train, and empower volunteers to be strong voices to ensure these children's needs are met and their voices amplified.

For the period 1/1/25 through 12/31/25, CASA of Central Texas volunteers and staff will provide essential advocacy services for the education, medical, mental health, permanency, and placement needs (stable, safe homes within a timely period) of an estimated 75 San Marcos children and youth in foster and substitute care. They will be served by 35 volunteer advocates assigned to experienced Case Supervisors who will monitor compliance with government regulations, Texas and National CASA standards; guide and navigate through complex case management; and oversee case progress to ensure appropriate permanency outcomes for the children. CASA volunteers and Case Supervisors will testify in court hearings and trials, attend case-related meetings, and report monthly data and outcomes.

COMMUNITY NEED AND JUSTIFICATION –15 POINTS

Evaluation: documentation and justification of the need for the program in the City of San Marcos.

1. Describe in detail the need for this program in San Marcos.

CASA of Central Texas envisions a world where every child thrives in a safe, stable and loving home. When children are removed from their homes due to abuse or neglect, they are placed in a child welfare system which has been deeply impacted – with many unanswered questions about long-term effects – by the after effect and delays caused by the COVID19 pandemic, legislative reforms, policy/practice changes, and legal battles. Court backlogs have delayed case closures. Litigation, such as the on-going MD v. Abbott case and newly filed cases about gender affirming care for trans youth, has left many people frustrated and disheartened. These matters are interrelated and complex, and each has its own significant impact on child welfare.

After coming into protective custody, children are faced with frequent moves, changing schools, therapists, and social workers. They are at high risk for being re-victimized, for not receiving medical care and therapeutic services, for poor academic progress, and for homelessness. In Hays County, complex issues are further compounded by fast population growth and rural pockets which have limited access to resources. Hays County experiences child abuse/neglect removal rates slightly higher than the state average: State = 9,220 removals, Hays = 0.78 per 1,000 child population (TDFPS FYE 8/31/24). Historically, San Marcos children and youth make up 40-50% of CASA services in Hays County.

Through this grant, children and youth will receive independent, high quality, personalized advocacy – focused on each child’s best interests and ensuring primary needs are met for medical, educational, mental health, housing, and long-term stability. CASACenTex is well-positioned to advocate for the needs of our local children who have experienced abuse and neglect. We promote frequent check-ins with children, sibling groups and families to ensure physical safety and protection, as well as address mental well-being. We are also concerned for older youth who are about to exit foster care and youth adults in extended foster care. Many lack relationships, resources and connections needed to ensure safety and stability as young adults.

2. Has the need for this program been increasing in recent years?

The need for more volunteers in San Marcos has increased with the population growth in recent years. Although the U.S. is seeing its lowest population growth rates in over 100 years (The Brookings Institution, “The 2010s saw the lowest population growth in U.S. history,” new census estimates show, 12/22/20), we know that Texas – and, specifically, the CASA of Central Texas four-county footprint – is experiencing the opposite trend. Central Texas population growth has held record highs for a number of years – faster than State and National averages, and with no indication of slowing. In all, our four-county region includes over 30 small cities and towns attracting new residents through international and interstate migration.

In the heart of Texas’ fastest growing communities, CASACenTex is nestled between the large metro cities of Austin and San Antonio with two of our four counties among the “Fastest-Growing Counties in the U.S.” thus bringing significant opportunity for further program growth. CASACenTex also faces challenges in serving a vast blend of non-urban, suburban and rural communities, and expanding our volunteer base capacity.

IMPLEMENTATION –15 POINTS

Evaluation:

- *The application demonstrates that resources needed to manage the proposed program are available and ready.*
- *Applicant has clearly defined objectives focusing on results and measurable outcomes vs. only program activities descriptions and numbers served.*
- *Past performance of programs funded by Human Services Grants has met expectations.*

1. Are all resources in place to be able to implement this program? If not, what is missing?

The essential resources are in place to continue operating the program effectively, including trained staff, facilities, and program infrastructure. However, as a nonprofit organization, we rely on a combination of public and private funding to sustain our operations. Additional support would help ensure we can maintain consistent service delivery, cover rising operational costs, and continue meeting the needs of the community without interruption. This funding is especially critical to support core functions that are often underfunded, such as staff salaries, administrative support, and day-to-day program expenses.

2. What specific, measurable outcomes or results do you hope to achieve with this program?

The goal of this grant is for CASA of Central Texas to successfully serve 75 children in San Marcos with the dedicated help of 37 volunteer advocates.

3. If funding is not available at the requested amount, what is the minimum Human Services Grant funding needed to be able to run this program?

\$40,000 is the minimum Human Services Grant funding needed to be able to run this program.

IMPACT AND COST EFFECTIVENESS –15 POINTS

Evaluation:

- *impact on the identified need*
- *implementation costs compared to impact*
- *use of available resources (financial, staff, volunteer)*
- *impact compared to other applicants*

1. Programs can provide value by deeply impacting the lives of a few, with effects that may ripple through generations, or by providing smaller but meaningful impact to a larger group. Describe in detail the impact this program will have on the identified need and on San Marcos residents.

Through this grant, children and youth will receive independent, high quality, personalized advocacy – focused on each child’s best interests and ensuring primary needs are met for medical, educational, mental health, housing, and long-term stability. CASACenTex is well-positioned to advocate for the needs of our local children who have experienced abuse and neglect. We promote frequent check-ins with children, sibling groups and families to ensure physical safety and protection, as well as address mental well-being. CASACenTex also prepares and supports older youth who are graduating high school or exiting foster care. These young adults require guidance as they prepare to join the workforce, enroll in higher education, and transition into independent living. Many lack relationships, resources and connections needed to ensure safety and stability as young adults

2. Briefly describe other funding sources, volunteers, or in-kind donations that will be used with this program.

Other funding sources include City of San Marcos CDBG (pending), HHSC and VOCA.

3. How many total annual unduplicated direct clients is this program expected to serve? What percentage will be San Marcos residents?

375 – 75 are anticipated to be from San Marcos, 20%

COMMUNITY SUPPORT – 15 POINTS

Evaluation:

- *A minimum of three letters of reference that indicate strong local support for the program and the agency's ability to implement it as described in the application. Letters must be in support of the specific program requesting funding, not the agency as a whole. Letters will preferably be from San Marcos residents as well as direct clients of the program.*
- *Evidence that volunteers play a vital role in the program or agency's operation.*
- *Evidence that board members are actively involved in and supportive of the agency*

1. What actions do Board members take to support the programs of the agency?

We are blessed with a generous and very active Board of Directors from each of the four counties that we serve. They conduct and record meetings on a monthly basis and are responsible for governance, oversight of legal compliance and regulatory issues; personnel policy and procedures; financial affairs and resource development. Expectations include regular attendance at meetings and serving as a voting member; developing organizational policies and procedures; monitoring and evaluating finances, programs, and performance; securing and providing meaningful financial support; representing CASACenTex in the community; and evaluating board performance.

Members serve a three-year term, with consecutive terms approved by the Board. CASACenTex takes pride in our exceptional team of 12 highly dedicated Board of Directors, all from each of the communities served in our four county footprint and diverse workforce backgrounds. Each member provides a unique perspective to understanding the challenges our clients' experience and the unduplicated service that our staff and volunteers are well-equipped to provide best interest advocacy for the children assigned to our program.

2. Briefly describe the number and role of volunteers in the program or agency's operation.

Last year, CASA of Central Texas trained and supported 226 volunteers in our four-county area. With our goal to recruit and train 37 volunteers to serve in San Marcos, they advocate an average of 10 hours/month for 1 year, or 4,440 hours for the project (37 volunteers x 10 hours x 12 months). Our screened and highly trained volunteers will advocate for these children to ensure their needs are met for medical, education, mental health, housing, and other long-term permanency care.

COUNCIL PRIORITIES - 30 POINTS

1. How long has this program served San Marcos residents? (10 points if at least 2 years)

CASA of Central Texas has been serving children in San Marcos since 1985.

2. Does the agency have an office in San Marcos? (10 points if it does)

Yes, we have an office located at 2725 Hunter Road, San Marcos, TX 78666.

3. Describe how this funding will create an increase in services or an increase in the number of people served. (10 points if creates an increase)

Human Services funding from the City of San Marcos will assist CASA of Central Texas with recruiting more volunteer advocates to train and support them as they serve children in San Marcos who have been abused and neglected.

RISK - 10 POINTS

1. How many years experience does the agency have in implementing a program of this size and complexity? (5 points if more than 5 years)

CASA of Central Texas is celebrating 40 years this year. That is 40 years of experience implementing programs that serve vulnerable children through court-appointed volunteer advocacy. Since our founding in 1985, we have grown in both scope and capacity, consistently managing a program of significant size and complexity. This includes recruiting, training, and supervising a large volunteer base; maintaining strong partnerships with child welfare stakeholders; and ensuring compliance with state and national CASA standards. Our longstanding history demonstrates both our deep-rooted expertise and our commitment to high-quality, impactful service delivery.

2. What percentage of the program's funding is non-City? (5 points if at least 50%)

73%

III. FUNDING RESTRICTIONS

By signing this application I certify the following to be true:

1. All Human Services Grant funding will be spent on San Marcos residents, except for school-based programs, in which case it may be spent within the San Marcos Consolidated Independent School District boundary.
2. Funding requested is not more than 50% of the total funding for the agency.
3. Funding will not be used to fund more than 20% of a full time position.
4. Agency has been in existence for at least 2 years. (This can include serving communities other than San Marcos.)

Harassment and Discrimination Policy

CASA of Central Texas strives to be an inclusive organization whose employees, volunteers, and directors reflect the diversity of the children and community that the program services in terms of gender, ethnicity, and cultural and socio-economic backgrounds.^{(TAC 377.113(b)(3))} Harassment or discrimination of any employee is prohibited, whether by other employees, volunteers, Board members, vendors, suppliers, customers, visitors, or any other third parties, because of the employee's gender, pregnancy, sexual orientation, gender identity, age, race, color, national origin, religion, veteran status, disability, or any other category protected or not protected by federal, state, or local law. Any alleged harassment that violates this policy, regardless of whether it violates federal, state, or local law, and regardless of whether it occurs during working hours or on company premises, will result in appropriate and proportionate disciplinary action, up to and including immediate termination of employment. Further, mistreatment on social media based on any of the above-mentioned protected categories carries the weight of workplace interaction and will be treated as such for disciplinary purposes.

Employees are also reminded that harassing or offensive conduct that is directed at one individual may be overheard or seen by, and offend, others in the vicinity or online. Thus, any conduct that violates this policy will be addressed, regardless of intent.

Definitions

Harassment is defined as verbal, written (in-person or online), or physical conduct that has the intent or effect of interfering with an individual's work performance, or that creates an intimidating, hostile, or offensive work environment. The term "harassment" may include, but is not limited to:

- Slurs, epithets, derogatory comments, or any other offensive remarks or jokes;
- Unwarranted touching, assault, impeding or blocking movement, or any physical interference with normal work or movement;
- Derogatory posters, cartoons, drawings, e-mails, text messages, online posts, or gestures; ■ Threats of violence or harm, whether implied or direct; or
- Any other conduct that may create a hostile, intimidating, or offensive work environment.

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal, written, online, or physical conduct of a sexual nature when:

- Submission to sexual conduct is an expressed or implied term or condition of employment; ■ Submission to sexual conduct is the basis for any employment decision; or
- When verbal, written, or online communication or physical conduct of a sexual nature has the purpose or effect of unreasonably interfering with an individual's work performance or creates an intimidating, hostile, or offensive working environment.

Examples of sexual harassment may include, but are not limited to:

- Unwanted sexual advances;
- Demands for sexual favors in exchange for favorable treatment or continued employment;
- Threats, either direct or implied, of termination, demotion, poor evaluation, or other detrimental or retaliatory conduct when made for the purpose of obtaining sexual favors;
- Verbal or online conduct, such as derogatory or obscene comments, slurs or sexual invitations, sexual jokes, propositions, suggestive, insulting, or obscene comments or gestures, or any other verbal abuse of a sexual nature;
- Graphic, verbal or online commentary about an individual's body, sexual prowess, or sexual deficiencies, or inquiries into one's sexual experiences;
- Flirtations, advances, leering, whistling, touching, pinching, assault, coerced sexual acts, obstruction of movement, or any other physical interference of a sexual nature; or
- Demonstrative conduct such as derogatory or sexual posters, photographs, cartoons, drawings, calendars, gestures, e-mails, text messages, online postings, or other displays of sexually suggestive objects or pictures.

These behaviors are unacceptable in the workplace, in other work-related settings, such as business-related social events, or on social media regardless of whether they rise to the level of legally actionable sexual harassment. Inappropriate conduct toward, or harassment of, employees by non-

employees is also a violation of this policy.

Complaint Procedure

No employee should assume that CASA is aware of a problem or potential problem or that someone who witnessed inappropriate behavior reported it, as conduct that may be offensive to one may not be offensive to another. Rather, any employee who believes that they are being harassed and/or who witnesses or has knowledge of harassment or inappropriate behavior under this policy must immediately report it to their supervisor or any other member of management with whom they are comfortable and the CEO. Employees may also use CASA's optional complaint form, which is provided at the back of this handbook and available from the CEO. The complaint will be investigated promptly, thoroughly, and impartially. If unsatisfied with the response to their complaint after using any of the avenues listed above, or if uncomfortable with using any of those avenues, the employee **must** report the conduct to the President of the Board.

The suspicion of child abuse of any kind should immediately be reported to The DFPS Abuse Hotline,

The identity of any individual who submits a report, a witness who provides information regarding a report, and the target of the complaint, will be kept confidential to the extent possible consistent with a thorough and impartial investigation. Further, any information gathered as part of an investigation will be kept confidential to the extent possible consistent with a thorough and impartial investigation. Employees should also be aware that when harassing behavior occurs online, CASA may require access to employees' social media accounts and/or content when doing so is necessary for a thorough investigation of a complaint and that refusal to provide such access may be deemed as an attempt to impede the investigation and may result in disciplinary action, up to and including termination of employment.

If CASA determines that a violation of this policy has occurred, it will take appropriate and proportionate disciplinary action, up to and including immediate termination of employment. The disciplinary action imposed will depend upon the nature and severity of the offending employee's conduct, the circumstances involved, the offending employee's prior employment history, and any other factors that are deemed relevant by CASA to its determination.

CASA prohibits retaliation against employees who complain, or participate in an investigation of, harassment. Any employee who feels that retaliation has occurred should immediately report the alleged retaliation, using the complaint procedures described in this policy. Any employee found to have retaliated

against any individual who submits a report of harassment or provides information during an investigation will be subject to disciplinary action up to and including immediate termination.

If alleged harassment or retaliation continues after a complaint or investigation, the employee must immediately report the alleged conduct using the complaint procedures described in this policy for further investigation and any appropriate corrective action.

Dear Grant Committee Members,

I am writing to offer my strongest support for CASA of Central Texas in their application for the City of San Marcos – Human Services grant. As a former foster youth who successfully aged out of the system, I have experienced firsthand the invaluable impact of CASA's work and can confidently attest to the transformative impact CASA has had on my life. Their advocacy and support were instrumental in helping me navigate the foster care system and transition into adulthood with confidence and stability.

Entering the foster care system is a challenging experience. For many children, it is a time of uncertainty, fear, and instability. This was my reality until CASA of Central Texas assigned an advocate to my case. My advocate became a consistent, reliable presence—someone who listened to my concerns, provided support during difficult transitions, helped me navigate the complexities of the system and advocated relentlessly in favor of my best interest. They fought to ensure my needs were met and my voice was heard, even in spaces where youth often feel powerless.

CASA's support went beyond advocacy. They connected me with resources to help me prepare for life after foster care, including housing, education, and job training. They provided guidance in developing critical life skills, which were essential as I faced the challenges of living independently after aging out of the system. Thanks to their dedication, I was able to build a solid foundation for a successful future. When I graduated high school, my CASA was there, cheering me on. When I graduated from the University of Houston with three degrees, my CASA was right there, celebrating my victories and was a reminder to me that my past didn't define my future and that I was capable of achieving greatness. Without CASA, I truly believe my experience would have been vastly different. Their dedicated advocacy and personalized care turned what could have been a tumultuous journey into one of growth and stability.

CASA of Central Texas is more than an organization; they are life-changers. They empower foster youth to not just survive but to succeed and shine. This organization plays a crucial role in transforming the lives of vulnerable youth. Their work is a vital lifeline for those who might otherwise slip through the cracks as they provide the personalized attention and support that so many foster children need but often lack.

I strongly urge the City of San Marcos to support CASA of Central Texas through this Human Services grant. Continued funding will allow them to expand their services and positively impact the lives of our nation's most vulnerable children. With your help, they can continue providing hope, stability, and advocacy to the many children who desperately need them. I am living proof of the profound difference they make, and I believe every foster child deserves the same opportunity for a brighter future.

Thank you for your time and for considering this critical investment in our community's youth.

Sincerely,

Justice LaRue

Human Services Grant Funding
City of San Marcos
San Marcos, Texas

To the Human Services Grant Funding Committee:

As a CASA supporter and advocate and as a resident of San Marcos, I am asking the city of San Marcos to provide the requested Human Services Grant Funding to CASA of Central Texas. The funding will allow this vital organization to continue providing assistance to the children in San Marcos and other cities within the four counties that CASA of Central Texas serves. The funding will provide proper support to children removed from their homes at their most vulnerable time while dealing with abuse or neglect. Each Court Appointed Special Advocate (CASA) is there for the child/children to ensure their safety and well-being with a goal of a permanent home, whether that be reunification with the family or adoption.

I have been involved with CASA for a little over a year now since retiring. I am currently on my second case and feel fortunate to advocate for these children by providing a voice for them as the most vulnerable children in our community. While CASA of Central Texas continually works to recruit new advocates, the organization still can't meet the needs of all of the children in the 4-county area. The list of children in the system continues to grow.

While attending these court cases, it is so uplifting to see the CASA staff and advocate provide to the court updates on the children and advocate for what is best for them. Advocates work with caseworkers, lawyers, family members, clinicians, placement and childcare to help ensure the best outcomes for these children. All of this hard work by CASAs, coupled with the state-provided services, helps to set these children on a positive trajectory for their future. CASA of Central Texas needs your continued support to help lift up these vulnerable children and put them in a position to thrive by providing the funds to continue to recruit, train and support future CASAs in our community.

Thank you,

HS Program Funding
City of San Marcos
San Marcos, Texas

City of San Marcos HS Program Funding Team:

I am writing to ask the City of San Marcos to support the request of CASA of Central Texas for HS Funding in carrying out their essential and critical services to the children removed from their homes due to abuse or neglect. The goal of the Court Appointed Special Advocate is to achieve safety and permanence for the children in these cases, with the end goal being to return to their families or being adopted by a loving family.

I have been a CASA volunteer for about a year and a half and have learned so much about the incredible needs of the most vulnerable of our communities. As the number of children in State care increases, the need for more CASA volunteers also increases, with the ultimate goal being to serve 100 percent of these children. In order to reach this goal, the number of volunteers must be increased.

I have had the incredible opportunity to observe the benefits of a child having someone who is solely there to advocate for them. To see to their physical, educational, medical and emotional needs and to see to their overall well being. Children who are given the opportunity to form a relationship with a CASA volunteer are much more likely to successfully navigate the process of being removed from their homes all the way to the conclusion of the case. This relationship can also often remain long after the case ends. Please consider this funding, which would help recruit, train and support more volunteers to help these children and their families, and reach that goal of serving 100 percent of children in State care.

Thank you for your consideration of my request.

Respectfully,
Patricia Smith

CDBG Program Funding
City of San Marcos
San Marcos, Texas

Dear Honorable Members of the City of San Marcos CDBG Program:

I am writing to respectfully and wholeheartedly support the request by CASA of Central Texas for CDBG Funding. The goal of Court Appointed Special Advocates, or CASA, is to achieve safety and permanence for the children to whom they are assigned; with their biological family or by being adopted by a loving family. This requested funding is critical to CASA's ability to conduct their purposeful work, providing essential services and support to the children removed from their homes because of abuse or neglect.

I have been involved with CASA since 2003, when I was afforded the opportunity to begin serving Hays, Caldwell and Blanco Counties in the Texas Legislature. My collaboration with CASA increased as I chaired the Human Services Committee in the Texas House of Representatives from 2007-2010, and my respect for the critical importance of the program has only increased since that time. After founding Corridor Title in 2010, my colleagues and I have closely partnered with CASA in several ways. And this partnership has provided me a unique and clear-eyed perspective on the finite nature of public and private resources, as well as the critical nature of their work. I wish to make two brief points in support of CASA's grant request.

First, CASA's work is critically important. Data clearly suggests that better outcomes are enjoyed by children fortunate enough to receive a CASA --- helping them navigate the challenges of foster and adoptive care, and ultimately leading to a safe, stable and loving home environment. That success manifests in better educational, economic and life outcomes. In 2024, with 66 active volunteers in Hays County (38 in San Marcos) serving as Guardians ad Litem, CASA served 147 Hays County (75 San Marcos) children. With the rapid growing population in San Marcos and Hays County, CASA of Central Texas hopes to serve even more children and find permanency for them.

Second, CASA of Central Texas has proved to be an extremely effective steward of public dollars. They carefully manage a Board-approved budget, while maintaining a laser-like focus on prioritizing their expenses in support of training and supporting more CASA volunteers, thereby amplifying their ability to advocate for the children of our community. Financial accountability is an important guiding principle of the organization, and one of the reasons I so appreciate the capable execution of their purposeful work.

Thank you very much for your service to our city, as well as your compassionate consideration of my request.

Respectfully,

Patrick M. Rose

EXECUTIVE SUMMARY

These 11 updated Standards reflect National CASA/GAL's focus on becoming a highly effective organization at the national level and desire to see highly effective organizations on the state and local levels. They also represent our collective unwavering commitment to providing quality volunteer advocacy for children who have experienced abuse or neglect. Texas CASA worked with Regional Representatives and select local programs across the state to incorporate the new National CASA Standards, as well as legal requirements of CASA programs and Texas-specific Standards. A public comment period was also provided to incorporate network input into these requirements.

The objective of Standards for Local CASA/GAL Programs is to set performance levels for local programs to ensure quality while allowing individual programs the room for creativity and innovation. A set of quality standards to measure a program's operations demonstrates that a program:

- Respects and is committed to quality for the children and families served and that volunteers provide best-interest advocacy
- Utilizes established policies and procedures necessary for effective management and governance
- Manages their financial affairs prudently, are financially sound, and are committed to the principles of public disclosure
- Continually evaluates its services and operations
- Works positively and collaboratively with their stakeholders, other local programs, Texas CASA and with National CASA/GAL
- Recruits, trains, develops, and supports a high-caliber team through effective human resource practices

Programs participate in standards-based quality assurance (QA) reviews which foster greater awareness among staff, volunteers and governing bodies about how the programs are governed, operate, and execute our shared mission. Texas CASA is strongly committed to high-quality best-interest advocacy and will support this commitment through dedicated technical assistance to the local network to achieve these Standards.

HOW TO USE THE STANDARDS

The document provides a framework for quality program management and operations excellence for nonprofit CASA/GAL programs. The document is organized into sections dealing with specific areas of program management. Each section begins with a standard. There are 11 standards for local CASA/GAL programs. The order of the standards does not in any way represent importance; they are all equal in stature.

The standard statement in each section defines the overall approach to manage a particular aspect of program operations. Under each standard, “Elements of Practice” are provided as indicators for how the standard is implemented. Elements of Practice operationalize the standards by specifying activities, policies and/or processes for a local program to have in place to adhere to and to carry out the intent of the overall standard.

Texas CASA Standards include the National CASA/GAL standards as well as state laws, regulations and court rules that apply to CASA. State laws take precedence over National CASA/GAL Association standards and Texas CASA standards.

A Glossary of Terms is provided as a complement to the standards to provide a definition of select terms. The first use of each term in the Standards at a Glance and the Elements of Practice is linked to the term in the glossary.

The Documentation List is organized by standard and is designed to itemize the documents or type of documentation that will or can help to substantiate the Elements of Practices for the respective standards. Though all documentation is requisite, a series of the documents will be required to be submitted to National CASA/GAL or Texas CASA as a part of the QA process, depending on who is conducting the audit.

CASA/GAL volunteers advocate for children from birth through the age of 21 as defined by Texas statute as the limit to youth remaining in care. All CASA programs in Texas inherently follow the Core Model.

ELEMENTS OF PRACTICE¹

A. CASA/GAL advocacy is grounded in the knowledge that children grow and thrive in strong, stable permanent families, understanding the need for trauma-informed practices with a commitment to family preservation, reunification and permanence.

1. CASA/GAL community volunteer advocates:
 - a. Are thoroughly screened per National CASA/GAL Association standards prior to and regularly throughout their service.
 - b. Are trained in the National CASA/GAL research-informed pre-service curricula according to National CASA/GAL training and facilitation standards and engage in continual learning and development.
 - c. Are supervised and supported by program staff or peer in accordance with National CASA/GAL standards.
 - d. Meet in-person with the child/youth every thirty (30) days at a minimum.*
 - e. Advocate for the best interests of children/youth by:
 - i. Gathering information from and collaborating with the child/youth, the child's/youth's family, professionals, and others with relevant information about the child/youth.
 - *See Standard 8.F.g.ii regarding a written exceptions policy which Texas CASA created for Texas.
 - ii. Assessing and identifying risks to inform needs for services and supports for the child/youth and family.
 - iii. Providing up-to-date, fact-based information and/or recommendations to the court to help the judicial officer make the most well-informed decisions.
 - iv. Communicating the child's/youth's wishes to the court.
 - v. Providing active advocacy and attending court hearings until directed otherwise by the court or released by the program.
2. CASA/GAL programs are appointed and sanctioned by the court to serve children/youth:
 - a. Who are involved in judicial proceedings related to abuse or neglect as defined by relevant child welfare laws.

- b. Living at home or in out-of-home care.
 - c. From birth through the age defined by state law, Tribal law, or court rule as the limit to youth remaining in care.
 - d. Through supervision and support of CASA/GAL volunteer advocates and/or peers.
 - e. Through active advocacy until directed otherwise or released by the court.
3. Once the program has taken all available Suit Affecting the Parent Child Relationship cases, if courts and the Texas CASA Board of Directors are in alignment with a CASA/GAL volunteer program accepting other types of cases, they may, with the understanding of data and funding restrictions or requirements.
 4. CASA/GAL programs develop and incorporate strategies and practices to strengthen and support families by understanding and embodying these guiding principles:
 - a. Family preservation and reunification are key components of CASA/GAL best-interest advocacy and are foundational to the well-being of children/youth with the understanding that children, youth, and families experience trauma when separated.
 - b. Children/youth do best within a strong, stable, and permanent family whether biological or non-biological, chosen or circumstantial, which connects the child/youth and parent/caregiver through tradition, shared experiences, emotional commitment, and mutual support.
 - c. When children/youth are separated from their families, regular contact with their parents/caregivers, siblings, relatives, and community is critical.
 - d. Working effectively with children and youth in their home as well as in out-of-home care is essential to CASA/GAL best-interest advocacy.
 - e. Family-finding strategies are an important element of best-interest advocacy to maintain key relationships for the child/youth.
 - f. CASA/GAL best-interest advocacy serves as a protective factor by ensuring a consistent, stable, engaged presence in the child's/youth's life.
 - g. When a court determines a child cannot be safely reunified with their family of origin consistent with legal mandates, another permanent placement is in a child's best interests.
 5. Each CASA/GAL program complies with the requirements and provisions of the contract between Texas CASA and the Health and Human Services Commission.

B. The program's governing body develops, adopts and advances a written program mission statement. The program's mission is:

1. Consistent with the National CASA/GAL Association Mission, which states:
 "The National CASA/GAL Association, together with state and local member programs, supports and promotes court-appointed volunteer advocacy so every child who has experienced abuse or neglect can be safe, have a permanent home, and the opportunity to thrive."

2. Reflective of the Role of a Local Program, which states:
[Local CASA/GAL programs] provide a sound organizational framework to recruit, screen, train, supervise, support, and retain court-appointed special advocates/Guardian ad Litem.
3. Operationalized for decision-making at all levels to guide services, priorities, planning, and volunteer administration.
4. Reflected throughout the program's written materials and published on the program's webpage.

C. The program's governing body develops, adopts, and advances a written program vision. The program's vision:

STANDARD 2: VALUES

CASA/GAL entities embody and exhibit a common set of CASA/GAL values that guide all conduct, engagements, interactions, communications, and practices. Program volunteer advocates, staff and nonprofit governing board members demonstrate and promote the following CASA/GAL values.

ELEMENTS OF PRACTICE

A. It is in a child’s best interest to remain with their family of origin when possible and if conditions are safe:

We know separation causes trauma and believe families should receive the resources they need to be reunited and stay together. This includes having children live with relatives and remain with siblings while in care. If they cannot be placed together, it is equally important for children to maintain contact with their siblings, as well as with their parent(s). We advocate for connecting families with services and support that will help them achieve stability.

B. Partnership and respect are essential to successful collaboration:

Whether we work with member organizations, volunteers, individuals in the child welfare and judicial systems, families, educators, or organizations that provide supportive services, we are reliable partners. We commit to integrating different viewpoints to achieve effective and inspiring solutions.

C. Advocacy for all:

We respect and embrace the things that make each of us unique. We know that everyone brings value to their work with us through their backgrounds, experiences, perspectives, abilities, and views. We strive to be welcoming to all. And we commit to incorporate and advocate for these values in all aspects of our work — striving for understanding and recommendations that fully support the needs of all children and families.

D. Integrity drives the way we act:

We commit to having responsive, honest and fair interactions that address problems directly. We keep the best interests of children and families at the forefront. We hold ourselves accountable to the highest ethical and professional conduct.

E. Empathy is essential:

We put ourselves in a position to work alongside others on their journeys with dignity, and we aim to better understand their perspectives. We respect the effort, time and care others are already putting into this important work and recognize the privilege we are afforded to be part of children's and families' lives. No one should be defined by their situation or circumstances, and we strive to appreciate every person fully for who they are.

F. Positive impact and outcomes are the true measures of success:

In all of our work, we want our decisions and efforts to result in fewer children remaining in or returning to the child welfare system. We want to ensure that every child has the opportunity to thrive. And we will use all of the tools, data, and resources available to inform our practices and improve outcomes for children and families.

STANDARD 3: ADVOCACY FOR ALL

Commits to fully understanding the children and families we serve and demonstrates this in its operations, governance, management, and advocacy for all.

ELEMENTS OF PRACTICE

Generally Accepted Accounting Principles (GAAP) apply to independent audits and reviews. Therefore, management's financial statements must be prepared in accordance with GAAP and the auditor must follow generally accepted auditing standards. Internal controls are evaluated and transactions are tested for legitimacy and separation of duties. These tests provide a basis for an audit opinion which will state the accuracy of the financial statements.

Best Interest

"Best Interest" is always the primary consideration of the court in determining the issues of conservatorship, possession, well-being, permanency and access to the child. Section 263.307 of the Texas Family Code provides factors that can be considered when determining the best interest of the child.

Child Protective Services (CPS)

Child Protective Services (CPS) is a division of the Department of Family and Protective Services (DFPS).
