II. QUESTIONS

All questions must be answered. Please type your answers.

OVERVIEW

- 1. What is the agency's or organization's mission? Cenikor. A Place for Better Health and Better Lives.
- 2. Briefly summarize the program for which funding is being requested and the services it provides. Cenikor's Youth Recovery Community (YRC) Program serves youth and young adults ages 13-21 and family members to promote recovery from substance use and instill positive coping skills for healthy mental health. Participants enrolled in the YRC Program receive individual mentoring, group services, and are encouraged to participate in scheduled fun and sober events during the school year and summer months. Services for the youth can occur either at schools, in the community or at the YRC location. The fun and sober events also occur at the YRC location for game and movie nights, bowling, picnic and games at the park. These activities provide youth a chance to engage in healthy fun with their peers and to learn skills centered around recovery. A lengthy partnership with Texas State University ensures a weekly collegiate group is held at the Student Health Center for students in recovery or who are looking for a pathway to recovery. Partnerships with Hays County Juvenile Probation, Hays County Detention Center, and the City of San Marcos Juvenile Case Coordinator with the Municipal Court also ensure youth receive services.

COMMUNITY NEED AND JUSTIFICATION - 20 POINTS

- 1. Describe in detail the need for this program in San Marcos.
 - The rapid growth of the City of San Marcos has resulted in an increased number of families living in the community who are in desperate need of Cenikor Programs. The number of adolescents experimenting with tobacco/vaping, alcohol, marijuana and prescription drugs at younger ages is on the rise. Research has established that a human's brain is not fully developed until the age of 25. The use of substances during rapid growth in an adolescent's life can lead to the inability to succeed in school, poor decision making, engage in violence, and further substance use problems can occur as an adult. Each service our YRC Peer Recovery leaders deliver has a positive impact on an adolescent and family creating a means for recovery. Recovery for youth provides an opportunity for wellness, establishing a support system, positive coping skills, healthy decision making and graduating on time from high school. Recovery also results in adolescents and young adults establishing goals for the present, their future education, employment and equipped with skills to move forward to the next chapter in their lives.
- 2. Has the need for this program been increasing in recent years? Yes, the need for the YRC program has increased. The YRC team has seen a significant rise over the last four years of referrals to the YRC program. The introduction of more harmful substances in the San Marcos community is prevalent. The fentanyl crisis has been an alarming problem that families, schools, and other community partners are faced with. The Cenikor YRC team is trained in the Peer Recovery model and prepared to serve the youth and family members needs in San Marcos.
- 3. Client Information

Definitions:

<u>Direct Client</u> - individuals or families immediately affected or personally served by the helping agency.

Questions:

- a. Describe the direct clients for this program.

 Direct clients are youth and young adults ages 13-21, parents, and other adults in the family.
- b. How is the program market to direct clients? How do you find these clients? The YRC program has provided eight years of services to the youth and families of San Marcos. Collaboration with existing community partners such as Texas State University, Juvenile Probation and other community partners provide referrals, and the reputation for professional and quality services provided by the YRC market the program. Attendance at community events offer an opportunity to interact with youth and families and distribute information about the YRC services. The Cenikor Marketing Department offers the YRC program the capacity to promote YRC through the visibility of social media that appeals to youth and young adults.
- c. Expected total annual unduplicated direct clients who are City of San Marcos residents:

 The expected total annual unduplicated youth and families who are City of San Marcos residents to be served potentially are 100 youth and 25-30 families.

IMPLEMENTATION - 15 POINTS

- How exactly will these funds be used?
 The YRC program is funded by the Health and Human Service Commission (HHSC). Per HHSC organizations are to secure funding from the community served to meet the required 5 percent match dollars.
- 2. What specific, measurable outcomes or results do you hope to achieve with this program?

 Measurable monthly and yearly outcomes are the number of youths, young adults, and family members served as established by HSCC. The outcome requirement is to meet the monthly and yearly measurable outcomes. The long-term outcome for youth in the YRC program is to reduce adolescent and young adult substance use in San Marcos. Measurable outcomes for family members are to receive education on stress management and acquire positive coping skills to improve their own mental health. A healthy parent practicing supportive parenting skills are more likely to engage their child in a supportive recovery process.

 Parents in need of their own substance use treatment are given support and access to local therapists

And Cenikor substance treatment options.

- 3. List the title of each position for which funding is requested and the activities associated with those positions. There are no positions for funding being requested. The funding is to provide the Health and Human Services Commission requirement of the 5 percent match dollars required of Cenikor.
- 4. If funding is not available at the requested amount, what is the minimum Human Services Grant funding needed to be able to run this program? If full funding is not available at the requested amount, the minimum needed to meet the requirement of the match dollars would be half of what is requested.

IMPACT AND COST EFFECTIVENESS - 25 POINTS

- 1. Programs can provide value by deeply impacting the lives of a few, with effects that may ripple through generations, or by providing smaller but meaningful impact to a larger group. Describe in detail the impact this program will have on the identified need and on San Marcos residents.

 The YRC team provides an opportunity for adolescents and young adults to focus on their mental health, social and emotional needs and learn and practice positive coping skills. Adolescents, and Texas State University students receive year around services both individually and through weekly groups by trained Peer Recovery leaders. The YRC Family Coordinator services includes individual sessions, group sessions, education, resources, and support to family members. The fun and sober events held throughout the year builds a recovery community that encourages living a healthy lifestyle. Adolescents, young adults and family who participate in the YRC program have a safe community for learning, support, and connection with others to grow and develop in their recovery journey.
- Discuss the amount of overhead compared to program costs.
 The Prevention program is 10 percent overhead comparted to 90 percent of cost of the program.
- 3. Provide a brief description of other funding sources, volunteers, or in-kind donations that are expected to be used with this program.
 - The Health and Human Service Commission grants fund almost the entirety of the program. However, the match dollars are left up to Cenikor to secure. Other funding sources differ from year to year depending on local resources capacity through Hays County and United Way.
- 4. What has your organization done in the past two years to raise different funding for this program? The Cenikor San Marcos YRC began has a pilot program funded by HHSC many years ago. The success of the YRC resulted being awarded another five years of funding and expansion to two other regions in Texas. In the Fall of 2024 we will once again write for continued funding through HHSC for the San Marcos area and expansion. The YRC has had eight years of successful funding and exhibiting excellence of programming and fiscal compliance.

COMMUNITY SUPPORT - 10 POINTS

- Please submit 3-5 letters of reference that indicate strong local support for the program and the agency's ability to implement it as described in the application. See attached.
- How is the Board of Directors selected?
 The Cenikor Board are unpaid volunteer positions who are business leaders and support the Cenikor Mission,
 Visions, and Core Values. The Cenikor Board provides fiduciary and operational insight from their many years of experience.
- 3. How often does the Board meet?

 The Cenikor Board of Directors meets as a quorum each quarter. Presentations and updates from Cenikor leadership provide an opportunity to share and seek guidance from the board on present and future direction and decision making. The Board Committees meet quarterly, or as needed to achieve committee goals.
- 4. What actions do Board members take to support the programs of the agency or organization?

 The Board members provide monetary support, as well as engagement with community outreach, fundraising activities, and building relationships with other supporters and referral partners.
- 5. How many volunteers does your agency or organization have and how many hours do they spend on the program requesting funding? Due to confidentiality and the nature of the YRC services we are not able to utilize volunteers.

COUNCIL PRIORITIES - 30 POINTS

- 1. How long has this program served San Marcos residents? (10 points if at least 2 years) The YRC program has served San Marcos for over 8 years.
- 2. Does the agency have an office in San Marcos? (10 points if yes) The YRC moved its office to Buda. This was due to the increased request of referrals from Hays CISD, Kyle, Buda, and Travis County. The YRC team continues to serve San Marcos in a large capacity because of the valued established partnerships developed over many years and partners with the Prevention team on events with in the community.
- 3. Describe how this funding creates an increase in services or an increase in the number of people served. (10 points)_The funding received from the City of San Marcos allows the YRC Program to continue by meeting the HHSC contract requirement to seek community match dollars. The number of services requested by the community continues to rise with the increasing population of Texas State University students and the number of youth in the judicial system specifically youth who are on probation, or are in the detention system.

II. FUNDING RESTRICTIONS

By signing this application I certify the following to be true:

- 1. All Human Services Grant funding will be spent on San Marcos residents, except for school-based programs, in which case it may be spent within the San Marcos Consolidated Independent School District boundary.
- 2. Funding requested is not more than 50% of the total funding for the agency.
- 3. Funding will not be used to fund more than 20% of a full time position.
- 4. Agency has been in existence for at least 2 years. (This can include serving communities other than San Marcos.)

HUMAN SERVICES ADVISORY BOARD GRANT PROGRESS REPORT

Agency Name:	Cenikor Foundation
Program Name:	Youth Recovery Community
Program Year:	2023

Please submit one report by October 15, 2023 for the period January 1, 2023 - September 30, 2023.

Project Status

Please provide a written description of actions taken this period to help achieve your program goals.

It has been a very exciting year for our Cenikor Youth Recovery Community. Finally, being released from COVI-19 restrictions the year allowed our Peer Recovery Leaders to enter schools, enhance relationships with community partners, and be present at community events to serve youth and their families in need of Recovery Support Services. The Youth Recovery Community (YRC) program serves youth ages 13-21, and their family members who struggle with substance use and mental health challenges. Participants of the YRC program receive individual mentoring, group sessions, and an opportunity to belong to a community that promotes health and wellness through fun and sober events. Families benefit from the YRC program by providing resources for parents that align with the youth's current services. The goal was to serve youth and family members in addition to adhering to the monthly program measures established by Health and Human Services Commission. Cenikor's YRC program measures over twenty different youth outcomes within eight outcome domains, including academic success, arts and recreation, community involvement, cultural competency, life skills, positive life choices, positive core values, and sense of self. For the funding period the number of youth served was 1,215 youth and 144 family members which resulted in meeting the metrics goal. The Youth Recovery Community Program funded by the Health and Human Services Commission (HHSC) is also subject to annual program audits. An annual audit was held and no findings for the YRC program were found. Daily our Peer Recovery Leader and Family Coordinator served youth and families in the San Marcos Community to provide education, information, and support. The services provided hope for youth and families who have encountered trauma, and are in need of tools to cope with trauma, and life's challenges other than turning to unhealthy substances. These tools through individual and groups sessions, and the ability to be heard and seen along with learning how to have fun without substances all made for an amazing year of serving the San Marcos community.

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in **Part VI** how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- **3a** Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer lines 3b and 3c below.
- **b** Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in **Part VI** when and how the organization made the determination.
- c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.
- **4a** Was any supported organization not organized in the United States ("foreign supported organization")? *If* "Yes," and if you checked box 12a or 12b in Part I, answer lines 4b and 4c below.
- **b** Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in **Part VI** how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.
- c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer lines 5b and 5c below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- **b** Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI.
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (as defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990).
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described on line 7? If "Yes," complete Part I of Schedule L (Form 990).
- 9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons, as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI.
- **b** Did one or more disqualified persons (as defined on line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? *If* "Yes," *provide detail in* **Part VI.**
- **c** Did a disqualified person (as defined on line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? *If* "Yes," *provide detail in* **Part VI.**
- **10a** Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? *If* "Yes," *answer line 10b below.*
 - **b** Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

NON-DISCRIMINATION POLICY STATEMENT

Please add your organization's non-discrimination policy statement below using the appropriate font size that will keep this document to 1 page.

Cenikor is proud to be an Equal Opportunity Employer. We respect the dignity and diversity of individual work force members. We also recognize the value of diversity in our organization and strive to employ a diverse workforce similar to the communities and people we serve. Cenikor provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, gender, sexual orientation, gender identity, national origin, age, disability, genetic information, marital status, amnesty or status as a covered veteran in accordance with applicable federal, state and local laws. Cenikor complies with applicable state and local laws governing nondiscrimination in employment in every location in which the company has facilities.

Cenikor assures that all applicants for employment and all Cenikor employees are given equal consideration based solely on job-related factors, such as qualifications, experience, performance and availability. Such equal consideration applies to all personnel actions, including but not limited to recruitment, selection, appointment, job assignment, training, transfer, promotion, merit increases, demotion, termination, layoff, recall, leaves of absence, compensation and benefits. Cenikor reviews, evaluates and monitors all personnel matters to ensure they are in accordance with this policy.

Independent Auditor's Report

Board of Directors Cenikor Foundation Houston, Texas

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Cenikor Foundation (the nonprofit Organization), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Cenikor Foundation as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cenikor Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cenikor Foundation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, and *Government Auditing Standards*, will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, and design and perform audit procedures responsive to those risks.
 Such procedures include examining, on a test basis, evidence regarding the amounts and
 disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cenikor Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cenikor Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the Texas Grant Management Standards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated November 16, 2023 on our consideration of Cenikor Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Cenikor Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Cenikor Foundation's internal control over financial reporting and compliance.

CENIKOR FOUNDATION

Notes to Financial Statements

Note 1. Organization

Cenikor Foundation (Cenikor or Organization) is a not-for-profit, tax-exempt corporation incorporated on July 30, 1968, for the purpose of providing behavioral health and substance use disorder treatment services through a continuum of care to individuals, organizations, and the community stakeholders at large. Areas of service are comprised of substance use disorder and co-occurring mental health treatment, rehabilitation, education, vocational training, and behavioral health. Services are conducted in Cenikor facilities throughout Amarillo, Austin, Corpus Christi, Dallas, Houston, Killeen, San Marcos, Tyler, and Waco, Texas, and Farmington, New Mexico.

The Cenikor continuum of care program consists of detoxification, intensive and supportive residential, outpatient, peer recovery support services, and recovery housing for adults. In addition, Cenikor has intensive residential, outpatient, prevention, and youth recovery programs for adolescents.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The Organization's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Organization is required to report information regarding its financial position and activities according to two classes of net assets. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - represent expendable funds available for operations that are not otherwise limited by donor restrictions. Included in unrestricted net assets are funds designated by the Board of Directors (the Board) for future expansion of services related to the mission of the Organization. These funds are held in short-term investments and can be released for expenditure by the Board for any reason.

Net Assets With Donor Restrictions - consist of contributed funds subject to donor or grantor-imposed restrictions related to a specific purpose or requiring a specific passage of time before the funds can be spent and can also include funds subject to irrevocable donor restrictions requiring the assets be maintained in perpetuity for the purpose of generating investment income to fund current operations.

Use of Estimates

In preparing the financial statements in conformity with U.S. GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value Considerations

The Organization uses fair value to measure financial and certain nonmonetary financial assets and liabilities. The Organization uses a three-tiered hierarchy for fair value measurements that draws distinction between market participant assumptions based on (i) observable inputs such as quoted prices in active markets (Level 1); (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2); and (iii) unobservable inputs reflecting the Organization's own assumptions about the inputs used to determine fair value (Level 3). Level 1 provides the most reliable measure of fair value, where Level 3 generally requires significant judgment. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Contributions

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions that are restricted by the donor for future periods or a specific purpose are reported as increases in net assets with donor restrictions depending on the nature of the restriction. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Donor restricted contributions in which the restrictions are met in the same year as received are recorded as unrestricted contributions in the accompanying statements of activities.

Unconditional promises to give that are expected to be collected within one year are recorded at their realizable value. Unconditional promises to give that are expected to be collected after one year or more are recorded at the present value of estimated future cash flows. The discounts on those amounts are computed using a risk-free interest rate applicable to the year in which the promise is received. Amortization of the discount is included as contribution revenue. Conditional promises to give are not included as support until the conditions are substantially met. Conditional promises to give are contributions that are those with a measurable performance or other barrier and a right of return are not recognized until the conditions on which they depend have been met. The Organization has conditional contributions of approximately \$10,776,000 and \$7,933,700 as of June 30, 2023 and 2022, respectively, that relate to unspent government grants.

Contributions (Continued)

At June 30, 2021, the Organization had a conditional contribution of all assets and liabilities of Four Winds Recovery Center, Inc. (Four Winds), a New Mexico not-for-profit organization, that was contingent on the transfer of certain contracts to the Organization. The conditions were met during the year ended June 30, 2022 and the Organization recognized contributions that are more fully described in Note 4. The Organization entered into a management agreement with Four Winds on June 1, 2021 to provide executive administrative, operational, and managerial services for a fee of \$4,000 per month.

At June 30, 2022, the Organization had a conditional contribution of all assets and liabilities of Turtle Creek Manor, Inc, a Texas not-for-profit organization, that was contingent on the transfer of certain contracts to the Organization, which occurred subsequent to June 30, 2022. The conditions were met during the year ended June 30, 2023 and the Organization recognized contributions that are more fully described in Note 4. The Organization entered into a management agreement with Turtle Creek Manor, Inc. on March 24, 2022, to provide executive administrative, operational, and managerial services for a fee of \$4,000 per month.

The Organization reports gifts of property and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained; the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service. See Note 14 for further information

Donations are recorded as in-kind contributions at the estimated fair value of the gift. The fair value of food is based on pre-established standards. The contribution value and related program expense for donations of clothing, furniture, and other goods are computed using standards set by management and approximate the fair value for second-hand clothing and other items.

Financial Instruments, Credit Risk, and Concentration of Credit Risk

Financial instruments that subject the Organization to concentrations of credit risk consist principally of cash and cash equivalents and receivables. The Organization places its cash with financial institutions it believes to be creditworthy. Deposits may exceed federal deposit insurance provided on such deposits; however, these deposits typically may be redeemed upon demand and therefore, bear minimal risk. In monitoring this credit risk, the Organization periodically evaluates the stability of the financial institution.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all unrestricted, highly-liquid investments with a maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable includes insurance receivables that are charged for Medicaid-eligible and privately insured clients and client accounts receivable for the amount the client is responsible for. The receivables bear no interest and are normally due upon receipt.

Generally, no collateral or other security is required to support receivables. Delinquent receivables are written off, based on individual credit evaluation and specific circumstances of the account and when all reasonable collection efforts have been made.

The balance of accounts receivable, net, at July 1, 2021 was approximately \$2,287,000.

Government Grants Receivable

Grants receivable consist of government grants and are considered to be fully collectible; accordingly, no allowance for doubtful accounts has been recorded. If amounts become uncollectible, they will be charged to operations when the determination is made. Credit risk for government grants receivable is considered limited due to the credit worthiness of the federal and state funding agencies and historical collection rates.

Pledges Receivable

Pledges receivable due from donors are considered to be fully collectible and due within one year at June 30, 2023 and 2022; accordingly, no allowance for doubtful accounts has been recorded.

Certificates of Deposit

Certificates of deposit have original maturities ranging between three months to one year and are reported at cost as an estimate of fair value measured at Level 1.

Property and Equipment

Purchased property and equipment are recorded at cost. Donated property and equipment are recorded at fair value at the date of donation. Routine maintenance, repair, renewal, and replacement costs are charged against operations in the year incurred. Upon retirement or disposal of assets, the cost and related accumulated depreciation are removed from the accounts and the gain or loss, if any, is included in the results of operations. Expenditures, which materially increase values or extend useful lives of property and equipment, are capitalized. Buildings and equipment are depreciated using the straight-line method based on the estimated useful lives of the assets, generally as follows:

	Estimated Useful
Asset	Life in Years
Equipment and Furniture	3 - 5 Years
Buildings and Improvements	10 - 20 Years
Vehicles	3 - 5 Years

Assets Held For Sale

Assets held for sale at June 30, 2023 and 2022, primarily include land and a building that house the Fort Worth programs that are on the market for sale. The Organization has determined the location to not be financially economical and will cease operations once the building is sold.

Leases

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) Topic 842, Leases, to increase transparency and comparability among organizations related to their leasing arrangements. The update requires lessees to recognize most leases on their balance sheets as a right-of-use (ROU) asset representing the ROU an underlying asset and a lease liability representing the obligation to make lease payments over the lease term, measured on a discounted basis. Topic 842 also requires additional disclosure of key quantitative and qualitative information for leasing arrangements. Similar to the previous lease guidance, the update retains a distinction between finance leases (similar to capital leases in Topic 840, Leases) and operating leases, with classification affecting the pattern of expense recognition in the income statement. The Organization adopted Topic 842 on January 1, 2022, using the optional transition method to the modified retrospective approach, which eliminates the requirement to restate the prior-period financial statements. Under this transition provision. the Organization has applied Topic 842 to reporting periods beginning on January 1, 2022. while prior periods continue to be reported and disclosed in accordance with the Organization's historical accounting treatment under ASC Topic 840, Leases.

CENIKOR FOUNDATION

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Leases (Continued)

The Organization elected the "package of practical expedients" under the transition guidance within Topic 842, in which the Organization does not reassess (1) the historical lease classification, (2) whether any existing contracts at transition are or contain leases, or (3) the initial direct costs for any existing leases. The Organization has not elected to adopt the "hindsight" practical expedient, and therefore will measure the ROU asset and lease liability using the remaining portion of the lease term upon adoption of ASC 842 on July 1, 2022.

The Organization determines if an arrangement is or contains a lease at inception, which is the date on which the terms of the contract are agreed to, and the agreement creates enforceable rights and obligations. A contract is or contains a lease when (i) explicitly or implicitly identified assets have been deployed in the contract, and (ii) the Organization obtains substantially all of the economic benefits from the use of that underlying asset and directs how and for what purpose the asset is used during the term of the contract. The Organization also considers whether its service arrangements include the right to control the use of an asset.

The Organization made an accounting policy election available under Topic 842 not to recognize ROU assets and lease liabilities for leases with a term of 12 months or less. For all other leases, ROU assets and lease liabilities are measured based on the present value of future lease payments over the lease term at the commencement date of the lease or July 1, 2022, for existing leases upon the adoption of Topic 842. To determine the present value of lease payments, the Organization made an accounting policy election available to non-public companies to utilize a risk-free borrowing rate, which is aligned with the lease term at the lease commencement date or remaining term for leases existing upon the adoption of Topic 842.

Future lease payments may include fixed rent escalation clauses or payments that depend on an index (such as the consumer price index), which is initially measured using the index or rate at lease commencement. Subsequent changes of an index and other periodic market-rate adjustments to base rent are recorded in variable lease expense in the period incurred. Residual value guarantees or payments for terminating the lease are included in the lease payments only when it is probable they will be incurred.

Leases (Continued)

The Organization has made an accounting policy election to account for lease and non-lease components in its contracts as a single lease component for its real estate, vehicle and equipment asset classes. The non-lease components typically represent additional services transferred to the Organization, such as common area maintenance for real estate, which are variable in nature and recorded in variable lease expense in the period incurred.

Adoption of Topic 842 resulted in the recording of additional ROU assets and lease liabilities related to the Organization's operating leases of \$277,754 at July 1, 2022. The adoption of the new lease standard did not materially impact net income or cash flows and did not result in a cumulative-effect adjustment to the opening balance of net assets.

Future undiscounted cash flows for each of the next five years and thereafter and a reconciliation to the lease liabilities recognized on the statement of financial position are as follows as of June 30, 2023:

Year Ending June 30,	Amount
2024 2025	\$ 131,470 61,598
Total Lease Payments	193,068
Less: Imputed Interest	2,211
Total Present Value of Lease Liability	\$ 190,857

The weighted-average remaining lease term on the operating leases is 1.2 years. The weighted-average discount rate on the operating leases is 1.6 years.

Functional Expenses

The majority of expenses can be directly identified with the program or supporting services to which they relate and are charged accordingly. Functional expenses that cannot readily be related to a specific program are charged to the various programs based upon hours worked, square footage, number of program staff, or other reasonable methods for allocating the Organization's multiple functional expenditures.

Income Taxes

Cenikor is a not-for-profit organizations that is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. However, Cenikor is subject to taxes on unrelated business income. For the years ended June 30, 2023 and 2022, Cenikor has made payments totaling approximately \$9,000 and \$9,500 on its estimated amount of unrelated business income taxes.

Cenikor believes that all significant tax positions utilized will more likely than not be sustained upon examination. Penalties and interest, if any, would be accrued as incurred and would be classified as general and administrative expense in the statements of activities.

Recent Accounting Pronouncements - Not Yet Adopted

In June 2016, the FASB issued ASU 2016-13, Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments (ASU 2016-13), which it clarified and updated through the following ASUs (collectively, ASC Topic 326):

- ASU 2018-19, Codification Improvements to Topic 326, Financial Instruments-Credit Losses
- ASU 2019-04, Codification Improvements to Topic 326, Financial Instruments-Credit Losses, Topic 815, Derivatives and Hedging, and Topic 825, Financial Instruments

Note 2. Organization and Summary of Significant Accounting Policies (Continued)

Recent Accounting Pronouncements - Not Yet Adopted (Continued)

ASC Topic 326 changes the impairment model for most financial assets measured at amortized cost, as well as certain other instruments, from an incurred loss model to an expected loss model. As a result, organizations will be required to recognize credit losses on financing receivables and other financial assets earlier than previously stipulated and for the entire contractual term of an instrument. The update applies to financial assets recorded at amortized cost basis (e.g., loan receivables, trade and certain other receivables, off-balance sheet credit exposures such as loan commitments and financial guarantees) but does not apply to financial assets measured at fair value (e.g., promises to give/pledges receivable; loans and receivables between entities under common control). ASC Topic 326 is effective for the Organization's fiscal year 2024. Management continues to evaluate the potential impact of this update.

Note 3. Revenue Recognition

Net Client Service Revenue

Client service revenues relate to contracts with clients in which the Organization's performance obligations are to provide behavioral health and treatment services to clients. Revenues are recorded during the period the obligations to provide services are satisfied. Performance obligations are generally satisfied over a period of time that varies from an hour to months, based on the type of service received. The contractual relationships with clients, in most cases, also involve a third-party payer, such as Medicaid, commercial insurance and veterans administration, and the transaction prices for the services provided are dependent upon the terms provided by or negotiated with the third-party payers.

Client service revenue is reported at the estimated net realizable amounts from clients and third-party payers. The Organization has agreements with third-party payers that provide for payments at amounts different from its established rates, primarily for Medicaid statutorily-set rates and negotiated rates with private insurance companies. Revenue under third-party agreements is subject to audit and retroactive adjustment. Laws and regulations governing the Medicaid programs are complex and subject to interpretation. Estimated reimbursement amounts are adjusted in subsequent periods once final settlements are determined.

The collection of outstanding receivables from third-party payers and clients is a significant source of cash and is critical to the Organization's operating performance. The primary collection risks relate to denied insurance claims and uninsured client accounts, including client accounts for which the primary insurance carrier has paid the amounts covered by the applicable agreement, but client responsibility amounts, including deductibles and copayments, remain outstanding. Implicit price concessions relate primarily to amounts due directly from clients and insurance carriers. Estimated implicit price concessions are recorded for all uninsured accounts, regardless of the age of those accounts. Accounts are written off when all reasonable internal and external collection efforts have been performed.

Note 3. Revenue Recognition (Continued)

Net Client Service Revenue (Continued)

The estimates for implicit price concessions are based upon management's assessment of historical write-offs and expected net collections, business and economic conditions, trends in federal, state and private employer health care coverage and other collection indicators. Management relies on the results of detailed reviews of historical write-offs and collections that represent a majority of revenues and accounts receivable (the "hindsight analysis") as a primary source of information in estimating the collectability of accounts receivable.

Note 4. Acquisitions and Contributions of Financial and Nonfinancial Assets

On May 1, 2022, an act of donation by Four Winds Recovery Center, Inc, a not-for-profit entity that provides substance abuse treatment and recovery support services in Farmington, New Mexico, was executed that contributed its operating assets to Cenikor. The contracts that Four Winds had were assigned to Cenikor. A lease agreement that Four Winds had to facilitate its operations was assigned and assumed by Cenikor. The lease agreement is effective through January 5, 2053. The assets contributed and the liabilities assumed were recorded at fair value at the date of donation, which resulted in a contribution without donor restriction in the amount of \$1,070,681 and a restricted donation of the property lease in the amount of \$6,084,572.

A summary reconciliation of the Four Winds contribution is as follows:

Cash and Cash Equivalents	\$ 221,224
Accounts Receivable	92,701
Property and Equipment	858,692
Other Assets	 10,349
Total Assets	 1,182,966
Accounts Payable	6,251
Accrued Liabilities	 106,034
Total Liabilities	 112,285
Total	 1,070,681

On September 1, 2022, Cenikor acquired Turtle Creek Manor, Inc. a not-for-profit taxexempt organization that provides substance use disorder treatment in Dallas, Texas. Cenikor began operating the existing Turtle Creek Manor, Inc. programs and services. In connection with the closing of this acquisition, which expands the service capabilities for both organizations, Turtle Creek Manor, Inc. donated all of its assets and liabilities to Cenikor, and all of its contracts were assigned to Cenikor.

Depreciation expense amounted to \$1,340,605 and \$1,232,294 for the years ended June 30, 2023 and 2022, respectively.

Note 7. Line of Credit and Notes Payable

The Organization has a revolving line of credit with a bank that provides for maximum borrowings of \$2,000,000 with interest at the prime rate as quoted by the Wall Street Journal plus 0.75%; however, at no time will the interest rate be less than 3.500% per annum. This line of credit is set to mature on February 5, 2024. There were no borrowings during 2023 or 2022, and no balance outstanding as of June 30, 2023 or 2022.

Note 7. Line of Credit and Notes Payable (Continued)

Notes payable at June 30th, were as follows:

	2023	2022

2025	429,490
2026	7,412,956
2027	107,099
2028	3,010,224
Total	\$ 11,368,954

The notes payable agreements contain certain financial reporting and negative covenants. At June 30, 2023, the Organization was in compliance with its financial reporting covenants.

Note 8. Net Assets with Donor Restrictions

Net assets with donor restrictions are primarily restricted by donors for use of donated facilities and land in future periods. As of June 30th, net assets with donor restrictions are available for the following locations:

		2023	2022
Amarillo	\$	5,445,485	\$ 6,380,031
Farmington		5,987,438	6,071,051
Fort Worth		90,826	87,030

Corpus Christi		5,000	-
Odyssey House		-	5,000
Total	<u>\$</u>	11,632,094	\$ 12,695,746

Included in the amounts restricted for the Odyssey House and Waco are amounts subject to irrevocable donor restrictions that require the assets be maintained in perpetuity for the purpose of generating investment income to fund current operations. As of June 30, 2023 and 2022, these irrevocable restrictions for Odyssey House totaled \$-0- and \$5,000, respectively. As of June 30, 2023 and 2022, these irrevocable restrictions for Waco totaled \$24,215 and \$24,215, respectively. Included in the amounts restricted for the Amarillo and Farmington locations is the use of donated facilities in future periods (See Note 11).

During the years ended June 30 2023 and 2022, net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of events specified by the donors as follows:

	2023	2022
Amarillo	\$ 934,547	\$ 792,585
Farmington	83,613	13,521
Fort Worth	11,204	-

Corpus Christi	-	9,050
Odyssey House	 5,000	-
Total	\$ 1,131,152	\$ 877,934

Note 9. Commitments

The Organization purchased an office building during 2019 to house the corporate headquarters and a portion of the space is leased to unaffiliated entities under non-cancellable operating lease agreements expiring in various months through May 2025. During 2023 and 2022, the Organization recognized rental income from these leases totaling approximately \$745,000 and \$689,000, respectively, which is included in rental income in the accompanying statements of activities.

At June 30, 2023, future minimum rental income under operating leases is as follows:

Year Ending	
June 30,	Amount
2024	\$ 405,358
2025	384,851
2026	342,453
2027	332,012
2028	221,648
Thereafter	327,648
Total	\$ 2,013,970

Note 10. Contingencies

Litigation

In the normal course of business, the Organization is subject to various claims, legal actions, and disputes. The Organization provides for losses, if any, in the year in which they can be reasonably estimated. In management's opinion, there are currently no such matters outstanding that would have a material effect on the accompanying financial statements.

Grant Assistance

The Organization receives significant financial assistance from federal, state, and local government agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreement and are subject to audit by the grantor and other regulatory agencies. The Organization underwent multiple audits during the year and are ongoing. Any disallowed claims or penalties resulting from such audits become a liability of the Organization at the time those liabilities become probable. At June 30, 2023 and 2022, the estimated liability for potential disallowed claims or penalties assessed to the Organization amounted to \$-0-.

Note 11. Donated Facilities

In December 2018, Cenikor entered into a lease agreement with an unrelated third party in Amarillo, Texas for the use of a facility starting January 1, 2019. The lease is for the establishment of residential substance abuse treatment services. The initial term is for ten years for \$100 per year. The lease may be renewed for an additional ten years for \$150 per year and for an additional five years for \$200 per year.

Due to the terms of the lease for the building not reflecting a market rate, Cenikor has recognized an in-kind contribution based on the present value of the difference between the estimated fair value of the lease and the contract amount. The in-kind contribution recognized at the effective date of the lease was \$8,884,604. The in-kind contribution was estimated based on a monthly fair value lease amount of \$94,969 over 10 years, discounted at 5.17%. For the year ended June 30, 2023, \$834,546 was included as a component of net assets released from restrictions while the interest component of \$305,087 was recognized as a contribution of a nonfinancial asset. For the year ended June 30, 2022, \$792,585 was included as a component of net assets released from restrictions while the interest component of \$347,048 was recognized as a contribution of a nonfinancial asset.

The realization of the future promise to give of this facility is as follows:

Year Ending June 30,	Amount
2024	\$ 878,730
2025	925,252
2026	974,238
2027	1,025,817
2028	1,080,126
Thereafter	561,322_
Total	\$ 5,445,485

As mentioned in Note 4, Cenikor received an assignment of the lease agreement on property that facilitates substance abuse treatment and recovery support services in Farmington, New Mexico. The annual rent commitment on this property is \$25 for a term that expires on January 5, 2053. Due to the terms of the lease not reflecting a market rate, Cenikor has recognized a contribution of a nonfinancial asset based on the present value of the difference between the estimated fair value of the lease and the contract amount. The contribution recognized was \$6,084,572 and is included as a component of the facility leases in Note 14. The contribution was estimated based on a monthly fair value lease amount of \$32,960 over the term of the lease, using a discount rate of 5.17%. For the year ended June 30, 2023, \$83,613 was included as a component of net assets released from restrictions while the interest component of \$311,911 was recognized as a contribution of a nonfinancial asset. For the year ended June 30, 2022, \$13,521 was classified as a net asset released from restriction with \$52,400 included as a nonfinancial contribution.

Note 11. Donated Facilities (Continued)

The realization of the future promises to give of this facility is as follows:

Year Ending	
June 30,	Amount

2027	102,777
2028	108,218
Thereafter	5,498,093_
Total	\$ 5,987,438

Note 12. Retirement Plans

Cenikor has a defined contribution pension plan covering substantially all employees. Cenikor will match up to 5% of the participating eligible employee's annual compensation and contribute 5% of the eligible employee's annual compensation as a "safe harbor." Upon entry into the plan, the employee is 100% vested in both the safe harbor and the employee's contributions. The matching contribution is 20% vested per year, starting in year two, with 100% after year six. For the years ended June 30, 2023 and 2022, Cenikor's contributions to the plan totaled approximately amounted to \$676,000 and \$619,000, respectively.

Note 13. Liquidity and Availability of Resources

Financial assets available within one year of the statement of financial position date for general expenditures are as follows:

	2023	2022
Cash and Cash Equivalents	\$ 11,888,238	\$ 12,475,338
Accounts Receivable, Net	2,827,030	1,713,535
Government Grants Receivable	821,088	630,346

Certificate of Deposit	 -	250,000
	15,546,356	15,069,219
Board-Designated Assets	-	(1,689,699)
Assets With Donor Restrictions	 (198,064)	(244,664)
Total	\$ 15,348,292	\$ 13,134,856

Cenikor's financial assets available within one year of the statement of financial position date to meet cash needs for general expenditures consist substantially of cash and cash equivalents, accounts receivable, government grant receivables, pledge receivables, and short-term investments. The receivables are expected to be collected within one year. Financial assets restricted by donors are expected to be used in the normal course of operations in the next twelve months, except the \$29,215 required to be maintained in perpetuity. Cenikor maintains sufficient resources to meet those responsibilities to its donors. There is a fund established by the governing board that may be drawn upon in the event of financial distress or an immediate liquidity need resulting from events outside of the typical life cycle of converting financial assets to cash or settling financial liabilities.

Cenikor has a goal to maintain cash and short-term investments on hand to meet at least 60 days of normal operating expenses, which are, on average, \$92,433 per day. Cenikor has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, as part of its liquidity management, Cenikor invests cash in excess of daily requirements in various short-term investments, including certificates of deposit and money market funds.

As described in Note 7, Cenikor has a line of credit through February 2024, in the amount of \$2,000,000, which could be drawn upon in the event of an unanticipated liquidity need.

Note 14. Contributed Nonfinancial Assets

As mentioned in Notes 2, 4, and 11, the Organization receives contributions of nonfinancial assets. For the years ended June 30, contributed nonfinancial assets recognized within the statements of activities included:

		2023	2022
Property Leases	\$	616,998	\$ 6,484,037
Building		901,002	792,585
Land		1,058,898	-
Furniture and Equipment		124,265	-
Food		264,733	496,887
Vehicles		49,623	40,194
Professional Fees		2,786	160,248
Supplies	-	155,543	143,843
Total	\$	3,173,848	\$ 8,117,794

The Organization recognized contributed nonfinancial assets within revenue, as detailed in the table above. Unless otherwise noted, contributed nonfinancial assets did not have donor-imposed restrictions.

The contributed nonfinancial assets, supplies, and services are used in the operations of the rehabilitative facilities in the specific geographic area from where the contribution originated.

In valuing the contributed land and buildings, the Organization estimated the fair value on the basis of recent comparable sales in the respective metropolitan area's commercial real estate market. Furniture and fixtures is valued at market cost for similar items.

In valuing the contributed lease, the Organization estimated the fair value on the basis of recent comparable building lease rates by square foot in the respective metropolitan area's commercial real estate market. As mentioned in Notes 8 and 11, the lease is restricted as to its use by the donor.

In valuing the contributed vehicles, the Organization estimated the fair value on the basis of published market values of those specific vehicles, using year, make, model, and condition of the vehicle.

In valuing the food, professional fees, and supplies, the Organization estimated fair value based on statements from vendors, as well as conducting industry comparisons and searches via the Internet.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING SANDARDS

To the Board of Directors Cenikor Foundation Houston, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Cenikor Foundation (a nonprofit Organization), which comprise the statement of financial position as of June 30, 2023, and the related statement of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 16, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cenikor Foundation's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cenikor Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of Cenikor Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cenikor Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE, AND THE STATE OF TEXAS UNIFORM GRANT MANAGEMENT STANDARDS

To the Board of Directors Cenikor Foundation Houston, Texas

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited Cenikor Foundation's (Cenikor or the Organization) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the Texas Grant Management Standards that could have a direct and material effect on each of Cenikor Foundation's major federal and state programs as identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion Cenikor Foundation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the Texas Grant Management Standards. Our responsibilities under those standards, the Uniform Guidance, and the Texas Grant Management Standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Cenikor Foundation and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relative to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of Cenikor Foundation's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirement referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statues, regulations, rules, and provisions of contracts or grant agreements applicable to Cenikor Foundation's federal and state programs.

Auditor's Responsibility for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Cenikor Foundation's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted is accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance, and Texas Grant Management Standards will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, international omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Cenikor Foundation's compliance with the requirements of each major federal and state program as a whole.

In preforming an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the Texas Grant Management Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Cenikor Foundation's compliance requirements referred to above and performing such other procedures as we considered necessary in circumstances.
- Obtain an understanding of Cenikor Foundation's internal control over compliance relevant
 to the audit in order to design audit procedures that are appropriate in the circumstances
 and to test and report on internal control over compliance in accordance with the Uniform
 Guidance and the Texas Grant Management Standards, but not for the purpose of
 expressing an opinion on the effectiveness of Cenikor Foundation's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weakness in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the Texas Grant Management Standards. Accordingly, this report is not suitable for any other purpose.

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal and state awards (the Schedule) includes the federal and state grant activity of Cenikor Foundation (the Organization) and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance) and the Texas Grant Management Standards. Therefore, some amounts presented in the schedule may differ from amounts presented in or used in the preparation of the financial statements.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles as found in the Uniform Guidance for federal awards and the Texas Grant Management Standards.

Note 3. Indirect Cost Rate

The Organization has elected to use the 10% de minimus indirect cost rate allowed under the Uniform Guidance effective July 1, 2021.

Note 4. Relationship to Financial Reports Submitted to Grantor Agencies

Amounts reflected in the financial reports filed with grantor agencies for the programs and the supplementary schedules may not agree because of accruals included in the next report filed with the agencies, matching requirements not included in the Schedule, and different program year ends.

Note 5. Subrecipients

There were no amounts provided to subrecipients for the year ended June 30, 2023.

- 21. YP team members will provide the Participant Rights documents provided by HHSC which states participants have the right to make a compliant to Cenikor or HHSC at any time.

The Cenikor YRC Plan for Virtual Learning:

Cenikor YRC will use Zoom as our official and preferred platform. If a participant or family cannot access zoom, we will accommodate to meet their needs.

A. Obtain consent form.

- 1) Hard copy option: Cenikor YRC will mail/drop off a hard copy to families, give to school which will distribute to families and have them return them within that same week. Cenikor YRC will then make a copy of this consent and either have the school return it to the family or the Cenikor YRC can mail it to them.
- 2) Email option: Cenikor YRC will email consent in a word document attachment. The families can either answer the information in the body of the email (not preferred but we want to make it as easy as possible on the families. If they choose this option the person in contact with the family will virtually put this information into a consent form, print it, and put in student's folder). Cenikor or YRC would prefer for the family to fill out the consent in the word doc and email it back to us.
- IMPORTANT: for all virtual consents the family must check something along the lines of: "by submitting this consent electronically all signers acknowledge that the electronic signature is equal to a manual signature"
- a) Peer leader. Individual session (preferred but not required): student meet with their peer leader one on one to go over the basics of YRC (review confidentiality, mandatory reporting, YRC rules, info about peer leader, what the semester will look like (days/ times of meeting, group or individual, expectations, etc.). While completing sessions with peer leaders, we ask that the participant have access and/or be provided with an electronic device such as a laptop, cell phone, tablet, etc. Also, we ask that the participant be in a safe, quiet, uninterrupted environment, so that confidentiality can be maintained for the participant and peer leader.
- b) Family coordinator Make initial contact with family, determine their best mode of communication, best times to contact them, if they are interested in individual or group support, education, basic needs, etc.
- B) Begin sessions. Team members will conduct virtual sessions from the YRCC at whatever time the team members and school have agreed upon. Team members will go over our mission statement, and some basic rules at the start of each meeting. These are to include disclosing that they are in a safe and confidential space. Groups are to proceed as they normally would on campus. As students transition back to their permanent school, we will continue meeting with them virtually, giving them updates on if and when the YRCC will open.

- If conducting a group outside of school time team members will share the additional intro reading including: expectations for virtual learning (camera, microphone, participation, and the safe word.

Due to the unforeseen circumstances of COVID-19, the Cenikor Foundation YRC program will begin the 2020 school year conducting virtual sessions. Youth will be able to engage in individual or group sessions while being a part of the discussion of the week.

Everything that is discussed in the sessions will be completely confidential and between the individuals on the call, Peer Recovery Leader, and/or Family Coordinator only. The only exceptions to confidentiality are if an individual is suspected of or admits to harming self or others, child or elder abuse and at that point the peer leader is legally required to make a report to the state.

As the calls are confidential for all participants, we ask that the participant partake in these weekly calls/sessions in a location by themselves. We ask that the participant have an operational microphone and camera.

If there are any occasions where the participant(s) cannot be alone during calls/sessions or does not have the proper equipment, please make us aware ahead of time, so that we can make proper accommodations for all participants in the session.

There will be a "Safe phrase/word" that can be chosen between the participant(s) when starting sessions. The safe phrase is put in place and to be said when the session is no longer safe or confidential, and it alerts the participant(s) to stop discussion immediately until it is okay to continue.

If you have any questions, please feel free to ask the YRC staff at any time. Lori Linn, YRC Manager llinn@cenikor.org

Dear City of San Marcos Human Services Board Members:

Texas State University Health Services partnered with Cenikor Foundation to establish the Student Recovery Alliance (SRA) at Texas State in October 2017. The program still offers recovery from drugs, alcohol and co-occurring disorders to Texas State students. SRA is open to all students in any level of recovery, or to those who wish to further explore sobriety. We host weekly one-hour meetings, semester events and socials to create connection and community.

The program at Texas State has benefited students by providing a safe space, social support, volunteer opportunities, SMART recovery tools, education, engaging sober activities and resources for treatment and counseling.

This is a critical component in providing recovery support for Texas State students. Texas State University Health Services would like to continue the partnership, expand the program and reach more students who need a dedicated support network of peers to support their recovery.

Please contact me at je12@txstate.edu or 512-245-1710 if you have any questions or need more supporting documents.

Sincerely,

Julie Eckert

RE: Letter of Support

Dear Board Chair and Members:

On behalf of Community Action, Inc. of Central Texas and the Core Four Partnership, I am writing this letter of support for our community partner, the Cenikor Foundation, and their program described below:

Cenikor Prevention Services provide free, age-appropriate evidence-based curriculum to students of all ages. Students are taught the skills necessary to develop good self-esteem, resist peer and media pressure, and explore tobacco/alcohol/drug-free activities. Prevention Specialists provide presentations to schools, parent groups, community groups, and other venues as requested.

Participants will develop and strengthen skills through various Positive Alternative activities designed to provide bonding opportunities and enhance social/emotional learning and wellness. Participants will engage in a series of physical activities/games to promote team building and goal setting to increase confidence and resilience. Arts and crafts will also be offered to help manage/regulate emotions and provide opportunities for creative self- reflection and expression.

Topics can include:

Making healthy choices, creating healthy friendships, conflict resolution, mindfulness/coping with anger and anxiety, teambuilding, communication, social skills, assertiveness, resistance skills to overcome peer pressure, presentations featuring the dangers of substance use, abuse, misuse related to prescription drugs, tobacco/nicotine, alcohol, and marijuana (short and long-term health effects, laws, etc.), and the importance of adopting healthy stress relief strategies and self-care practices.

Our long-term partnership with Cenikor has been highly beneficial to the Core Four Partnership and Community Action, Inc. of Central Texas. They have supported SMTX Mental Health Coalition by serving on the steering committee and have been active supporters of the San Marcos Youth Task Force. They have provided support, services, and programming to many of our youth and young adults in the Greater San Marcos Area. Partnering with them has allowed us to leverage their expertise when discussing topics that are difficult for our youth. They provide a safe space and have an ability to connect with them. We hope to continue our partnership as the Core Four Partnership grows at Community Action, Inc. of Central Texas.

Sincerely

Cristal Lopez, MA

HAYS COUNTY JUVENILE PROBATION DEPARTMENT

712 S. Stagecoach Trail, Ste. 1268 San Marcos, Texas 78666 (512) 393-7755 - Fax (512) 393-7775

To City of San Marcos Human Services Board Members,

Hays County Juvenile Probation has partnered with Cenikor Foundation Youth Recovery Community (YRC) program. The program is offered to adolescents ages 13-21 and encourages and promotes a lifestyle that is free from substance abuse. The program gives adolescents the opportunity to participate in individual and group sessions on a weekly basis in addition, it supports the adolescent's family through the recovery process.

The program has benefitted adolescents by providing them the skills they need to cope with the issues of life as it relates to substance use. In addition, the program gives adolescents a safe place to socialize and participate in structured activities that are beneficial and geared towards a successful recovery. With the increasing number of deaths and injuries amongst adolescents in our community due to substance use Cenikor Foundation and the YRC program gives us another resource to combat the substance abuse that has plagued our community. Hays County Juvenile Probation would like to continue our partnership with Cenikor Foundation to provide continued support for juveniles and their families.

Please contact me if at either 512-393-7755 or deshon.ridge@co.hays.tx.us if you have any questions.

Sincerely,

DeShon Ridge

Sr. Juvenile Probation Officer
