Amanda,

Please accept this email as notice of our intent to amend our development agreement for Waterstone. I have attached a recent letter to Mr. Burt Lumbreras outlining the status of our predevelopment activity and associated permits from the TCEQ. As part of our mining effort, we will need to be able to wash, screen, mix and stockpile materials to be successful and will request approval for that activity on a transitional basis to support our overall plan.

Thank you,

Mike
