DATE: September 1, 2022
RE: Cemetery Commission Recommendation Resolution 2022-01RR

SUMMARY:

The attached Recommendation Resolution was passed by the Cemetery Commission requesting amendments to Chapter 22 – Cemeteries of the Code of Ordinances.

BACKGROUND:

Over the last few months, the Cemetery Commission has held discussions regarding the addition of Ecofriendly burials to our Cemetery Ordinance. While these types of burials were not expressly disallowed there was not any clear guidance related to this method of interment.

On July 27, 2022, the Commission voted unanimously, with 2 members absent, to approve the proposed amendments attached as Exhibit A to Recommendation Resolution 2022-01RR of the San Marcos Cemetery Commission for the City Council to consider.
