Dear Interim City Manager Reyes,

In accordance with the policy regarding naming parks and facilities adopted by the City Council the San Marcos Greenbelt Alliance wishes to submit a name for consideration for the property currently known as the Buie Tract. San Marcos Greenbelt Alliance and members of the Parks and Recreation Department (PARD) meet quarterly. At our last meeting, PARD was brought up to date on the 2 miles of trail we have almost completed on the Buie tract. We also discussed possible names for this new natural area. Jointly, we landed on River Recharge Natural Area due to the many karst features on that property. Other natural areas have been named with a nod to their prominent features and we believe the name River Recharge will be consistent with this.

Thank you for your consideration.

Regards,

Diane Phalen
President, SMGA
