NOTARY PUBLIC

DRIVEWAY PERMIT NOTE

"In order to promote safe use of roadways and preserve the conditions of public roadways, no driveway constructed on ant lot within this subdivision shall be permitted to access onto a publicly dedicated roadway unless (a) a driveway Permit has been issued by the Transportation Department of Hays County and (b) the driveway satisfies the minimum spacing requirements for driveways set forth in Chapter 721 of the Hays County Development Regulations and permitted through the Transportation Department of Hays County under Chapter 751."

All culverts when required shall comply with the current Hays County standard.

Mail boxes placed within ROW, shall be of an approved TXDOT or FHWA approved design.

No structure in this subdivision shall be occupied until connected to an individual water supply or a state approved community water system. Due to declining water supplies and drinking water quality, prospective property owners are cautioned by Hays County to question the seller concerning ground water availability. Rain water collection is encouraged and in some areas may offer the best renewable water resource.

No structure in this subdivision shall be occupied until connected to a public sewer system or to an on-site wastewater system which has been approved and permitted by Hays County Development Services.

No construction or other development within this subdivision may begin until all Hays County development permit requirements have been met.
