| | Existing Zoning: | Proposed Zoning: | P&Z Recommended Zoning: |
|-----------------------------------|---|---|---|
| Торіс | Multifamily MF-18 | Character District – 5 (CD-5) | Neighborhood Commercial (N-CM) |
| Zoning Description | The MF-18 Multiple-Family Residential District is intended for development of multiple-family, apartment residences at not more than 18 units per acre. This district should be located adjacent to a major thoroughfare and may serve as a buffer between low or medium density residential development & nonresidential development or high traffic roadways. | The CD-5 district is primarily intended to provide a variety of residential, retail, service, and commercial uses. To promote walkability and compatibility, auto-oriented uses are restricted. CD-5 promotes mixed use and pedestrian- oriented activity. | The N-CM district is intended to serve as a pedestrian oriented mixed use corridor located within close proximity to primarily residential areas. N-CM should be applied along predominantly commercial corridors within existing neighborhood areas on the Preferred Scenario Map. The N-CM district creates pedestrian friendly corridors and gateways to residential areas and provides for appropriate buffers and transitions to adjacent residential land uses. |

D. Determination of Intensity

 For the purpose of determining a less intense zoning classification under subsections B.3 and C.2, the following Table 2.3 shall determine intensity of zoning districts in the order listed with Character District 1 (CD-1) being the least intense and Heavy Industrial (HI) being the most intense. Future Development (FD) is a default zoning classification available only upon annexation and may not be recommended or approved as a less intense zoning district in connection with an initial request for a more intense zonign district classification.

Section 2.5.1.4 Criteria for Approval

A. In making a determination regarding a requested zoning change, the Planning and Zoning Commission and the City Council may consider the following factors:

- Whether the proposed zoning map amendment implements the policies of the adopted Comprehensive Plan and preferred scenario map;
- Whether the proposed zoning map amendment is consistent with any adopted small area plan or neighborhood character study for the area;
- Whether the proposed zoning map amendment implements the policies of any applicable plan adopted by City Council;
- Whether the proposed zoning map amendment is consistent with any applicable development agreement in effect;
- Whether the uses permitted by the proposed change in zoning district classification and the standards applicable to such uses shall be appropriate in the immediate area of the land to be reclassified;
- **6.** Whether the proposed zoning will reinforce the existing or planned character of the area;
- **7.** Whether the site is appropriate for the development allowed in the proposed district;
- **8.** Whether there are substantial reasons why the property cannot be used according to the existing zoning;
- **9.** Whether there is a need for the proposed use at the proposed location;
- 10. Whether the City and other service providers will be able to provide sufficient public facilities and services including schools, roads, recreation facilities, wastewater treatment, water supply and stormwater facilities, public safety, and emergency services, while maintaining sufficient levels of service to existing development;
- **11.** Whether the proposed rezoning will have a significant adverse impact on property in the vicinity of the subject property;
- **12.** For requests to a Neighborhood Density District, whether the proposed amendment complies with the compatibility of uses and density in Section 4.1.2.5.
