**Zoning Request  
ZC-23-13**

**Staples Road/FM 110  
River Bridge Ranch CD-3**

**History**

The zoning change request is comprised of 7 separate parcels, 4 of which are currently zoned CD-4 and 3 of which are currently zoned Character District-5. The request is part of the wider 328 acre River Bridge Ranch development, which is subject to a Settlement Agreement which allows the site to develop under the Codes and Ordinances in effect in 2004. The majority of the River Bridge Ranch development is already zoned Character District-3, and the developer (Lennar Homes of Texas) wishes to rezone the remaining tracts to CD-3 in order to provide single family housing throughout the entire development (see enclosed cover letter).

A Preliminary Plat for the site is currently under review (PC-22-47) – an application for a Plat Variance/ Alternative Compliance to the block length requirements has also been submitted by the applicant and will be heard by the Planning and Zoning Commission at a separate meeting.

**Additional Analysis**

Regarding compliance with the Comprehensive Plan and Preferred Scenario - Zoning changes in Low Intensity Zones are typically assessed utilizing Tables 4.1, 4.5 and 4.6 of the Land Development Code. However, Table 4.6 does not include Character Districts as an “Existing Zoning District” and so it is not possible to assess zoning change requests *from* an existing Character District in a Low Intensity District at this time. However, comparable zoning districts to CD-4 and CD-5 would be MF-12, MF-18, and MF-24 (Multifamily) and MU (Mixed Use). A zoning change from these comparable districts to CD-3 in a Low Intensity Zone should be “Considered”.

**TABLE 4.6 CHARACTER DISTRICT / EXISTING ZONING TRANSLATION TABLE**

	EXISTING ZONING DISTRICTS			
	FAR, SF-R, MR, SF-6, SF4.5, P	FD, DR, D, PH-ZL, TH, MF-12, P	MU, MF-18, MF-24, P	OP, NC, CC, GC, HC, LI, HI, MH, VMU, P
<b>CD-1</b>	C	C	C	C
<b>CD-2</b>	C	NP	NP	NP*
<b>CD-2.5</b>	C	NP	NP	NP*
<b>CD-3</b>	NP	C	C	NP
<b>CD-4</b>	NP*	C	C	C
<b>CD-5</b>	PSA	NP*	C	C

**LEGEND:**

C = Consider

NP = Not Preferred

\* = 50% or more single family requires additional votes of Planning Commission and City Council in accordance with Sec. 4.1.2.5(G)3a. above.

The current CD-4 and CD-5 zoning districts allow for a mixture of commercial and higher density residential uses, including large scale multifamily (CD-5) and smaller multifamily developments with a maximum lot width of 120ft (CD-4). Downzoning the CD-5 parcel at the intersection of Staples Rd and FM 110 would remove the ability of this lot to incorporate any type of commercial uses in the future.
