SHARED MICROMOBILITY DEVICE LICENSE AGREEMENT

Effective Date: September 7, 2021

City: City San Marcos, Texas, a home rule municipal corporation, 630 East Hopkins Street, San Marcos, Hays County, Texas 78666

Licensee: Skinny Labs Inc. dba Spin, 450 Mission Street, STE 400, San Francisco, California 94105

Right-of-Way: All public roads, streets, avenues, boulevards, thoroughfares, and other pathways owned by or within the control of City within the City limits of San Marcos, Texas, subject to limitations as set forth in in this License Agreement, applicable ordinances and rules adopted by City regarding the use of City property or facilities.

1. Background and Purpose. City and Texas State University (“Texas State”) issued a joint request for proposals identified as RFP No. 754-TXST-2021-RFP-254-TRANSPT (the “RFP”) seeking proposals to make available for use by the public certain shared micromobility devices (“SMD’s”) such as electric scooters and electric pedal assist bicycles. Licensee submitted a proposal, together with a best and final, offer dated July 9, 2021 (collectively, the “Proposal”) in response to the RFP. The Proposal was accepted by City. Under the terms of the RFP, the successful proposer would be granted a license by the City to enable operation of SMD’s within the City. The purpose of this License Agreement is to establish terms and conditions under which Licensee will be allowed to make available for use by the public certain SMD’s to be operated on the Right-of-Way.

2. Grant of License. City hereby grants a non-exclusive license to Licensee (and the individual users of whom have booked an SMD using the Spin mobile app) to allow SMD Services. “SMD Services” means an SMD program, which includes the provision, deployment, management, operation, maintenance, parking, and other use of SMD’s. This License Agreement is only a grant of permission by the City for Licensee to conduct certain activities and is not a conveyance of an interest in real property.

a. Subject to Terms. The grant of a license under this License Agreement is subject to any restrictions herein and the terms and conditions of the RFP and the Proposal. The RFP and the Proposal are incorporated herein by reference for all purposes and this License Agreement, the RFP and the Proposal may, collectively, be referred to as the “License Agreement.” In the event of a conflict between this License Agreement, the RFP and the Proposal, the Proposal shall control over this License Agreement and the RFP shall control over the Proposal, unless specifically stated otherwise herein.

b. Limited to City Property. Licensee hereby acknowledges that it shall not represent to any third party that the City has authorized Licensee to conduct its activities or allow the operation of SMD’s in a manner that encroaches on or utilizes any third party’s

property. Licensee is solely responsible for securing authorizations to do so from such third parties.

c. **As-Is.** Licensee acknowledges that it enters into this License Agreement with the understanding that the Right-of-Way is provided for use “AS-IS” with all faults and without any representations or warranties as to condition or suitability for use for the purposes of this License Agreement

3. General Obligations of Licensee. In consideration of being allowed to conduct SMD Services, Licensee agrees to conduct its activities as set forth in the RFP and Proposal and supplemental provisions herein. Where no time is specified for Licensee’s satisfaction of obligations, the City Manager or the City Manager’s designee shall negotiate with Licensee and approve the time allowed therefor. If the parties are unable to mutually agree on any such time frames, City may suspend this License Agreement pending resolution of a disagreement.

a. **SMD Services.** Licensee shall perform the SMD Services in a professional and workmanlike manner in accordance with the prevailing industry standards, including, without limitation, meeting the additional standards and obligations set forth in this License Agreement.

b. **Placement and Installations.** Except for placements or attachments of SMD’s in accordance with this License Agreement, Licensee shall not place or attach any personal property, fixtures, or structures within the RIGHT-OF-WAY without City’s prior written consent. Licensee shall use reasonable efforts to ensure that: (i) its provision of the SMD Services does not unreasonably block pedestrian walkways or the RIGHT-OF-WAY or create conditions that threaten public safety; and (ii) SMD’s are parked in an orderly fashion on the RIGHT-OF-WAY or in otherwise agreed-upon designated areas; provided, that SMDs parked on non-City Property (i.e., private property) will be at the discretion of such property owner or occupier. City shall notify spin@support.pm, through Licensee’s customer service app portal listed in the Proposal, or through another agreed-upon mechanism for any SMD that, in City’s reasonable discretion, is adversely affecting the Right of Way. Licensee shall be responsible to correct improperly parked SMD’s within the timeframes listed in the Proposal. The minimum requirements of the Americans with Disabilities Act of 1990, as amended, will be met at all times.

c. **Repairs.** Licensee shall repair, replace, or otherwise restore—or reimburse City for its reasonable and documented costs in repairing, replacing, or otherwise restoring—any part or item of City-owned real or personal property that is damaged, lost, or destroyed as a result of Licensee’s operation of the SMD Services.

d. **Reports.** Licensee shall provide monthly reports to City throughout the Term concerning utilization of the SMD’s and route usage.

4. License Fee. Licensee shall compensate the City in the amount of 20 cents (\$0.20) per trip that starts in the City of San Marcos as stated in the best and final offer dated July 9, 2021.

Payment shall be made twice per year for the periods ending September 30 and March 31. Payment shall be remitted to City on or before the 30th day following the end of each such period.

5. Right of Use of Right-of-Way by City and Release of Liability. Neither the granting of the license, nor any related permit, constitutes an abandonment by City of any City property, or any other rights or real property interests of City. The City, for itself and all entities authorized by applicable laws or by City to use the Right-of-Way, reserves the right at all times, to use and maintain the Right-of-Way for all lawful purposes and to perform related construction, maintenance and operation activities on, under or above the Right-of-Way. **Licensee acknowledges that the City's rights in relation to use of the Right-of-Way shall have priority over Licensee's rights granted under this License Agreement. City shall have no liability for, and Licensee specifically releases City from, any liability or claims, including those arising from death, injury or property damage associated with Licensee's activities and the operation of Licensee's SMD's upon the Right-of-Way, regardless of whether caused or alleged to have been caused by City's maintenance or use of the Right-of-Way.**

6. Extra Costs to City. Licensee shall pay or reimburse City for any additional costs incurred by City as a result of Licensee's activities under this License Agreement as set forth in the RFP and Proposal. Notwithstanding the RFP and Proposal, City may, by providing a written invoice therefor, charge Licensee for the costs incurred by the City if:

a. any installation, reinstallation, relocation or repair of any existing or future public improvements by City within the Right-of-Way is made costlier by virtue of Licensee's activities under this License Agreement; or

b. Licensee damages any City property when installing any equipment, facilities or structures.

Licensee shall, within 30 days of receipt of such an invoice from the City, pay the invoice. If Licensee fails to timely pay such invoice, City may suspend this License Agreement until the invoice is paid, assess the penalties as set forth in this License Agreement.

7. Insurance. This License Agreement shall not be effective unless and until Licensee satisfies the insurance requirements below. During the term of this License Agreement Licensee shall procure and maintain, at its expense insurance as set forth in Exhibit A, attached hereto and made a part hereof. If such insurance policies are not kept in full force and effect throughout the term of this License Agreement, the License Agreement may be suspended immediately by City upon providing written notice of suspension to Licensee for the duration of such non-compliance. Spin may use subcontractors in the performance of activities under this License Agreement and such subcontractors shall procure and/or maintain insurance coverage at the limits described above.

8. Compliance with Laws and Regulations. Licensee agrees to comply with all federal, state laws and local ordinances in conducting its activities under this License Agreement.

9. Indemnity and Release.

a. **Indemnity.** Licensee agrees to indemnify, save harmless, and defend City, its elected officials, agents and employees, from all claims, lawsuits, liens, costs, including reasonable attorney fees, losses, or damages (collectively, "Claims"), brought against City and caused by or resulting from a negligent act, error, omission, or willful misconduct by Licensee or Licensee's employees, contractors or agents.

b. **Release.** Licensee hereby releases, relinquishes, and discharges the City, its officers, agents, and employees from all Claims, caused by or alleged to be caused by, arising out of, or in connection with the City's rights in, use or maintenance of the Right-of-Way and the performance of any maintenance, construction, reconstruction, repair, relocation, expansion, or removal of any of City's facilities on, above or under the Right-of-Way. This release shall apply regardless of whether said claims, demands, and causes of action are covered in whole or in part by insurance, and in the event of injury, death, property damage, or loss suffered by the Licensee, any subcontractor, or any person or organization directly or indirectly employed by any of them. This release shall apply regardless of whether such injury, death, loss, or damage was caused in whole or in part by the negligence of the City.

10. Representations and Warranties; Disclaimers.

a. **By Licensee.** Licensee represents, warrants, and covenants that it is in compliance with, and during the Term shall comply with, all statutes, ordinances, regulations, and requirements of all governmental entities applicable to its provision of the SMD Services under this Agreement. If any license, permit, or other governmental authorization is required for Licensee's lawful use or occupancy of Right of Way or any portion thereof, Licensee shall procure and maintain such license, permit, and/or governmental authorization (a "Permit") throughout the Term. City shall reasonably cooperate with Licensee, at no additional cost to City, such that Licensee can properly comply with this section, including, without limitation, by facilitating Licensee's procurement and maintenance of any Permit, subject to requirements of applicable ordinances. Licensee further represents, warrants, and covenants that (a) it has the full right, power and authority to enter into this Agreement and to perform the acts required by it hereunder, and (b) the execution of this Agreement and performance by City of its obligations hereunder do not and shall not violate any agreement to which Licensee is otherwise bound.
