Fire Chief
San Marcos Fire Department

RE: Letter of recommendation for BRW Architects

Les,

I am writing this letter to attest that BRW Architects is one of the most knowledgeable and easiest to work with Architects in the State of Texas. As the Fire Chief in Georgetown, I used BRW to build our Fire Station 5 and Training complex. The staff at BRW understands the local conditions in Central Texas and most importantly, they understand the Fire Department culture as related to fire station living. The process went very smoothly and was well under budget.

Please feel free to contact me if you need any additional information.

Sincerely,

Robert Fite
Fire Chief
