Zoning District Comparison Chart

| Topic | Existing Zoning: Public & Institutional (P) | Proposed Zoning: Light Industrial (LI) |
|---------------------------------------|--|---|
| Zoning Description | The P, Public and Institutional District is intended to accommodate uses of a governmental, civic, public service, or public institutional nature, including major public facilities, state colleges and universities. The review of the location for public facilities is intended to facilitate the coordination of community services while minimizing the potential disruption of the uses of nearby properties. This district is intended for properties used, reserved, or intended to be used for a civic or public institutional purpose or for major public facilities. | Light Industrial is intended to accommodate manufacturing and light industrial uses in order to promote economic viability, encourage employment growth, and limit the encroachment of non-industrial development within established industrial areas. Development should be operated in a relatively clean and quiet manner, and should not be obnoxious to nearby residential or commercial uses. |
