RE: Installation of the Overhead & Underground Electric Distribution Facilities for the **San Marcos Surface Water Treatment Plant Upgrade Project.**
Account: 4000021593 | MR Order # 16241 | W.O. # 80744643

Dear Mr. Condor,

We have completed our design to provide electric service to the subject development based on the information you have provided and your plans dated **March 11, 2022**.

The total cost of your project is:	\$188,682.35
BBEC allocation towards your project is:	\$12,531.00
<hr/>	
Total contribution-in-aid of construction (CIAC):	\$176,151.35
Taxes:	\$0.00
Additional Required Deposit:	\$0.00
<hr/>	
Total Invoice:	<u>\$176,151.35</u>

Please note that this cost estimate is contingent upon our ability to secure all easements and permits to extend electric service to your site. This cost estimate is subject to change for any revision to our design or for any site conditions that impede our construction and is good for 60 days from the date of this letter.

We require the following before our construction can commence:

1. Your payment of the **\$176,151.35** amount noted above.
2. Your execution of the attached "site ready letter".

We will commence our construction after you have satisfied all of the above and we have verified that your site is ready for our construction. Scheduled construction dates for your project are contingent upon Bluebonnet's workload and weather.

Please call me if you need additional information.

Sincerely,

Rodney Gerik
