Chief Les Stephens

San Marcos Fire Department

100 Carlson Circle

San Marcos, Tx 78666

Chief Stephens,

York Creek Volunteer Fire Department is requesting the donation of used 2.5" fire hose that is no longer being used by the San Marcos Fire Department. York Creek VFD would utilize this fire hose to increase our capabilities in firefighting and the hose would be placed on our two engines and extra would be stored as spares for future use. Thank you for your time and consideration of our request and feel free to contact me if you have any questions.

Professionally,

*Scott Robinson*

Scott Robinson

Assistant Chief

York Creek Fire Department
