

This plan is preliminary and not based on a survey. A detailed survey should be prepared in subsequent phases to identify more precisely property lines, easements, utilities, and the location of trees. The recommended plan and street cross-sections are based upon existing and potential future conditions, including anticipated redevelopment.

EXISTING CURB/CURB LINE TO REMAIN

Downtown Street Plan - Option E (2-way)

San Marcos: Transportation Plan Update

Prepared by HDR & McCann Adams Studio for the City of San Marcos
DRAFT - October 2, 2015
