Plat – Final (Extension of Plat Expiration)

PC-15-21_03

Northgate Center 1

History

On August 23, 2016, the Planning and Zoning Commission approved a Final Plat for the establishment of 5 lots which include the construction of a new road, being Northgate Road, to provide frontage to the proposed lots. The applicant submitted Public Improvement Construction Plans for the construction of Northgate Road and those PICPs have subsequently been approved. A Subdivision Improvement Agreement for the extension of water, wastewater, and a storm sewer system to serve the development was also approved at the time of the Plat approval.

Per section 1.6.5.7 of the Land Development Code, a Final Subdivision Plat shall remain in effect for a period of two years from the date the application was approved by the Planning and Zoning Commission unless otherwise extended in accordance with Section 1.3.5.1 of the Land Development Code. If the plat has not been recorded within this two year time frame it shall be deemed expired.

An initial request for an extension to the expiration period of the Final Plat shall not exceed one year.

Additional Analysis

All requirements of the Final Plat were met in 2016 when the plat was approved. No other changes are proposed at this time.

Evaluation			Criteria for Approval (Sec. 1.3.5.1)
Consistent	Inconsistent	Neutral	
<u>X</u>			<p>Demonstration that circumstances beyond the control of the permit holder have resulted in the permit holder's inability to perform the tasks necessary to prevent the permit from expiring before the expiration date.</p> <p>The applicant is requesting an extension to the expiration date of the plat in order to finalize the selling of the property and the implementation of the associated public improvements being constructed. Please reference the applicant's letter requesting the plat extension.</p>
