Zoning Request

ZC-18-16

Earle Street & Baylor Avenue

History

The property owner would like to rezone the property to Neighborhood Density -3 (ND-3) in order to subdivide the property into a maximum of 12 lots and construct zero lot line houses. The site is currently vacant.

The property is located in an Existing Neighborhood on the Comprehensive Plan, therefore, an Existing Neighborhood Regulating Plan is required to accompany the zoning request. If approved, the applicant will construct "Zero Lot Line House" Building Types on the property in accordance with the attached Existing Neighborhood Regulating Plan. Any deviations from the attached Existing Neighborhood Regulating Plan will require Planning and Zoning Commission and City Council approval.

Additional Analysis

The proposed lot configuration includes several lots that are considered severely elongated, i.e. their depth is more than three times the lot width. An Alternative Compliance would be required at the time of plat to vary from this standard.

<u>X</u>			Encourages more opportunities for home ownership <i>The proposed rezoning would allow additional properties to be created for single family use.</i>
<u>X</u>			Ensures a diversity of housing to serve citizens with varying needs and interests <i>ND-3 is intended to provide a variety of small-scale residential uses, including accessory dwelling units, house, cottage, and a zero lot line house.</i>

<u>X</u>			<p>Whether the proposed zoning map amendment implements the policies of the adopted Comprehensive Plan and preferred scenario map</p> <p><i>Vision San Marcos states that diversified housing options should serve citizens with varying needs and interests and allow for more infill housing (Neighborhoods & Housing, Goal 3). In accordance with the Existing Neighborhood Regulating Plan, the proposed rezoning allows for an opportunity to establish infill housing.</i></p>
		<u>N/A</u>	<p>Whether the proposed zoning map amendment is consistent with any adopted small area plan or neighborhood character study for the area</p> <p><i>Studies were not complete at time of request.</i></p>

<u>X</u>			<p>Whether the site is appropriate for the development allowed in the proposed district</p> <p><i>The property is vacant and is currently zoned Single-Family (SF-6) which is limited to residential uses.
