Planning and Development Services  
630 E Hopkins  
City of San Marcos TX 78666

Will, attached you will find several sheets of signatures to this letter objecting to the Hunter Road Name change proposal.

We really like the name of our street and would prefer that it not be changed. The city's consideration of our preference will be appreciated. There are 286 apartments at Purgatory Creek. Following are some of our points about why the name change should not occur.

- The flyer about this suggest that it will eliminate multiple names along a single street. We have only known it as Hunter Road for some years and a name change will result in confusion for us and our correspondents.
- We have not experienced any difficulties with 911 or other emergency services using the Hunter Road name, and are not aware of any public safety issues associated with the current name.
- All navigational databases show it as Hunter Road. We do not know how long it takes for the many navigational databases to update to a different name. During this transition, driver confusion will occur if the name is changed.
- Changing the name will result in a considerable loss of time and some expense for the hundreds of residents that will be affected by this proposed change. A few of the difficulties are as follows:
  - o A change with USPS will be required. For those affected that will not know to do this, mail delivery may be affected for some time.
  - o Individual address changes will be needed for driver's licenses, car and truck titles and registrations, voter registrations, legal documents, credit accounts including all bank accounts, investment accounts and medical records. A change of address will also be required for multiple credit reporting agencies.
  - o Address changes with friends and family

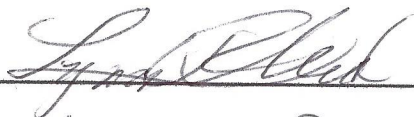

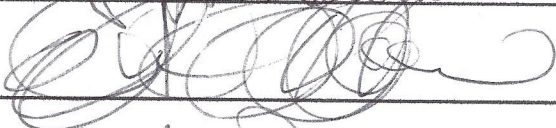

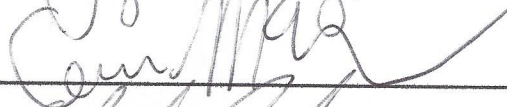

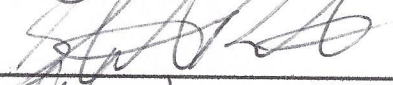

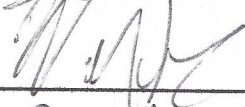

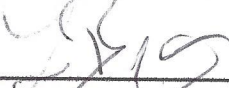

We appreciate your consideration of our request.

Residents at 1951 Hunter Road, San Marcos TX 78666
