Zoning Request

ZC-20-15

La Cima

Phase 2

History

This property is part of the larger La Cima Development included in a Development Agreement with the City of San Marcos originally adopted September 16, 2014 (Resolution 2014-131R); amended in 2018 (Resolution 2018-75R) and in 2020. This agreement regulates issues including but not limited to the schedule of annexation, the permitted uses and development standards, impervious cover, environmental and water quality standards and architectural design standards. The Future Development ("FD") zoning classification is a default classification for newly annexed land. Per the development agreement, SF-4.5 is an allowable residential use. Phase 2 provides for development of 249 residential lots, nine new streets, and four open space lots. The zoning request is being processed concurrently with an annexation request for the property.

The City of San Marcos will provide water and wastewater services at the site. The developer has extended water and wastewater facilities through the site. Pedernales Electric Cooperative will provide electric service to this development.

Additional Analysis

Upon annexation, the property will be zoned "FD", the default classification for newly annexed land. The annexation request will be considered prior to the zoning change by City Council. See Comprehensive Plan Analysis Checklist and Criteria Checklists.

Evaluation			Criteria for Approval (Sec.2.5.1.4)
Consistent	Inconsistent	Neutral	
	<u>X</u>		Whether the proposed zoning map amendment implements the policies of the adopted Comprehensive Plan and preferred scenario map <i>Conventional Residential (SF-4.5) within a Low Intensity Zone is considered "Not Preferred" and requires further scrutiny. However, a Development Agreement was in place prior to the Code SMTX adoption and the zoning request is consistent with the existing Development Agreement.</i>
		<u>N/A</u>	Whether the proposed zoning map amendment is consistent with any adopted small area plan or neighborhood character study for the area <i>Studies were not complete at time of request.</i>
<u>X</u>			Whether the proposed zoning map amendment is consistent with any applicable development agreement in effect <i>SF-4.5 is an allowable use per Section 1.04(A)(1) of the development agreement applicable to the property.</i>

La Cima

Phase 2

<u>X</u>			Whether the uses permitted by the proposed change in zoning district classification and the standards applicable to such uses shall be appropriate in the immediate area of the land to be reclassified <i>Uses allowed within the Single Family district are compatible and appropriate for this area. This area is mostly residential in nature, with the San Marcos Academy located to the north.</i>
<u>X</u>			Whether the proposed zoning will reinforce the existing or planned character of the area <i>Approval of this zoning change would allow the property to develop according to the approved development agreement.</i>
<u>X</u>			Whether the site is appropriate for the development allowed in the proposed district <i>Approval of this zoning change would allow the property to develop according to the approved development agreement.</i>
		<u>N/A</u>	Whether there are substantial reasons why the property cannot be used according to the existing zoning <i>The property is currently not zoned as it is located outside of the city limits.</i>
<u>X</u>			Whether there is a need for the proposed use at the proposed location <i>The rezoning does serve a substantial public purpose by providing additional single family housing in San Marcos.</i>
<u>X</u>			Whether the City and other service providers will be able to provide sufficient public facilities and services including schools, roads, recreation facilities, wastewater treatment, water supply and stormwater facilities, public safety, and emergency services, while maintaining sufficient levels of service to existing development <i>The property will be served with City water and wastewater per the approved development agreement.</i>
<u>X</u>			Whether the proposed rezoning will have a significant adverse impact on property in the vicinity of the subject property <i>The surrounding area has remained single-family with The Settlement subdivision to the north of the property.</i>
		<u>N/A</u>	For requests to a Neighborhood Density District, whether the proposed amendment complies with the compatibility of uses and density in Section 4.1.2.5 <i>This request is not for a Neighborhood Density District.</i>
<u>X</u>			The impact the proposed amendment has with regard to the natural environment, including the quality and quantity of water and other natural resources, flooding, and wildlife management <i>Standards are in place per the approved development agreement to lessen the impact of the development to the natural environment.</i>
