

Figure 1: Study area map. Left map provides regional context within SARP Conservation Areas (source: (<https://southeastaquatics.net/sarps-programs/usfws-nfhap-aquatic-habitat-restoration-program/conservation-opportunity-areas/>)). Right map provides aerial overview of proposed project site along San Marcos River and Willow Springs Creek, the multiple lines for the San Marcos River include the mainstem channel and a weir-fed mill race channel. Acronyms indicate land ownership: San Marcos River Foundation (SMRF), City of San Marcos (COSM), Texas Parks and Wildlife (TPWD), Private – Private land ownership.
