

Forest Hills Neighborhood Traffic Meeting
San Marcos Recreation Center
May 26, 2021 6pm – 7:30 pm

Comment Form:

1.	Do you support 25 mph speed limits?	<u>Y</u>	<u>N</u>
2.	Do you support bike lanes?	<u>Y</u>	<u> </u>
	a. If YES on 2, do you support eliminating on-street parking to install bike lanes?	<u> </u>	<u> </u>
3.	Do you support bike sharrows that do not require elimination of on-street parking?	<u> </u>	<u> </u>

Other comments:

- When bridge at Spring Lake is closed, post sign at top of hill, to save us from turning around at bridge
- On Post Road, turning toward bridge is blind to road closure, until driver is committed. No space for turn around.

3. Do you support bike sharrows that do not require elimination of on-street parking?	☐	☒

Other comments:

I would love to see the speed limit lowered. That said to encourage traffic to slow down the street should be narrowed. Thank you

we have this already - does nothing

You can put a wide bike lane on side of the street - giving the illusion of narrowing the road, creating a sidewalk / bike path w/ paint.

Other comments:

Even more than bike lanes, I support reducing the width of Quail Creek Drive by installing shoulders. This would be a big help for those who walk around the neighborhood, especially those of us who frequently walk with kids. Sidewalks would be even better!
