Background Information:

The Master Plan for Cottonwood Creek Subdivision was originally approved by the Planning and Zoning Commission on May 28, 2002. Approval of the Master Plan may be extended for one-year periods by consent of the Commission. It was last renewed by the Planning & Zoning Commission in August 2018.

The Commission is charged with making the final decision regarding this proposed master plan extension. Because the last extension expires in August of this year, it is necessary to approve another extension at this meeting if the commission wishes to continue the Subdivision Master Plan. Your options are to grant consent to the extension of the Master Plan for another one-year period or to withhold consent.
