Stormwater Master Plan

Background Information:

The Blanco Riverine Flood Mitigation project is one of the CDBG-DR&MIT funded projects to provide for a reduction in flooding after the 2015 flood events. This is an approximately \$20.4M project consists of a berm/floodwall structure located between River Road and the Blanco River to contain flood waters up to the 50-year flood event; thereby preventing the Blanco River from overflowing into the Blanco Gardens neighborhood. Property acquisitions required for the project have been underway since Summer 2020. All acquisitions must be in compliance with the Texas Landowner's Bill of Rights and federal acquisition requirements in order to provide a fair resolution to the property owner.

This acquisition is necessary for the stormwater outfall and the City has been unable to reach agreement with the owner for purchase of the property interests. The property owner has retained legal representation and this resolution is necessary to continue the required process for the acquisition. The owner has been informed of the posting of this agenda item and adoption of the resolution does not preclude further negotiations with

the property owner in an effort to resolve this matter.

This acquisition consists of the following:

Parcel 10 & 10A. Acquisition in Fee Simple of 1.327 Acres. Slope Easement of 0.184 Acres. Temporary Construction Easement of 0.589 Acres.

IN ORDER FOR THE CITY COUNCIL TO APPROVE THIS ITEM, IT IS NECESSARY TO MAKE A MOTION IN THE FOLLOWING FORM:

“I MOVE FOR APPROVAL OF RESOLUTION NUMBER 2021-256R PURSUANT TO WHICH THE CITY OF SAN MARCOS, TEXAS AUTHORIZES THE USE OF THE POWER OF EMINENT DOMAIN TO ACQUIRE PROPERTY INTERESTS AT 1310 AND 1380 RIVER ROAD AND WHICH PROPERTY INTERESTS ARE MORE PARTICULARLY DESCRIBED IN SAID RESOLUTION, A COPY OF WHICH IS INCLUDED IN THE POSTED AGENDA PACKET FOR THIS MEETING, INCLUDING FOR DRAINAGE RIGHTS OF WAY, A PERMANENT SLOPE EASEMENT AND TWO TEMPORARY CONSTRUCTION EASEMENTS ASSOCIATED WITH THE BLANCO RIVERINE FLOOD MITIGATION PROJECT”

Council Committee, Board/Commission Action:

Alternatives:

Delay for re-design and permitting of the project with potential loss of federal funding

Recommendation:

Staff recommends approval of this resolution.
