Background Information:

In 2008, a 0.014 acre Electric Facilities Easement (Exhibit "A") was granted to the City for the purposes of electric utility improvements and maintenance at 1451 Sadler Drive, legally known as Cottonwood Crossing, Phase 2, Sec 2, Block B, Lot 2. The property has since been sold and this easement is no longer necessary in this location. The San Marcos Electric Utility has reviewed the request for a release of easement and has no objections with the release.

In addition, a Temporary Turnaround Easement (Exhibit "B") was granted to the City for the purposes of providing turnaround space for the dead-end of Sadler Drive. Sadler Drive has since been extended and this turnaround easement is no longer needed. Engineering has reviewed the request for a release of easement and has no objections with the release.
