Background Information:

In October 2016, the City Council adopted a Service and Assessment Plan for the Trace Public Improvement District. Periodic updates to this document are required by the San Marcos City Council usually on an annual basis. The Trace Development is to the point in its project where an update to the Service and Assessment Plan needs to be brought before the City Council. The developer and City staff have been working on those documents and there are a couple of deal points that the City staff would like the City Council to consider. These deal points would be fairly difficult to go over during the course of a City Council meeting so the City staff and Highpointe Communities would like to reconvene the Council Committee for the Trace PID Project which was previously made up of Mayor Pro Tem Prewitt, Council Member Thomason and Council Member Prather and was created before the original PID was adopted in 2015.

We are seeking Council appointments to serve on this committee.
