Stormwater Master Plan

Background Information:

There a number of current and future infrastructure capital improvement projects which require the services of professional engineering firms to perform a variety of services to include drainage plan reviews, stormwater pollution prevention plans and permitting, and construction quality assurance inspections. Utilizing On-Call services for these projects allow the City to assign and pay for services as the need arises.

On June 27, 2018, the City received eleven (11) statements of qualifications in response to Request for Qualifications solicitation, 218-230 for On-Call Stormwater Consulting Professional Services. A city-staffed Evaluation Committee evaluated proposals and has determined the following four (4) engineering firms to be the most highly qualified to perform these services. The following firms are being recommended for award:

Elizabeth Arceneaux, P.E.

On-Call Stormwater Consulting Professional Services: \$200,000

Doucet & Associates, Inc., San Marcos, Texas

On-Call Stormwater Consulting Professional Services: \$200,000

Freese and Nichols, Inc., San Marcos, Texas

On-Call Stormwater Consulting Professional Services: \$200,000

Utility Engineering Group, New Braunfels, Texas

On-Call Stormwater Consulting Professional Services: \$200,000

Council Committee, Board/Commission Action:

Alternatives:

Include the stormwater consulting services in each project-specific design engineer's contract. This alternative would include a markup to the existing design engineer's fee.

Recommendation:

Recommend approval of the four (4) most highly qualified engineering firms to provide on-call stormwater consulting services in the amount of \$200,000 each.
