- ☐ Neighborhoods & Housing - Choose an item.
- ☐ Parks, Public Spaces & Facilities - Choose an item.
- ☐ Transportation - Choose an item.
- ☐ Not Applicable

Master Plan: [Please select the corresponding Master Plan from the dropdown menu below (if applicable)]

Choose an item.

Background Information:

The subject property was zoned SmartCode (SC) in 2013. The property has not been developed and is currently agricultural in nature. The proposal is to rezone the property to Light Industrial, which is similar to the 85 acres adjacent to this property that was rezoned in 2017 to SmartCode-Special District (SC-SD) to allow research and light industrial uses. Other adjacent property include the McCarty Commons PDD, which is currently in the process of being platted to the north of this property, and includes Single Family and Multifamily uses.

The Current Transportation Master Plan identifies a required thoroughfare along the boundary of the property which will create a buffer between the proposed residential and industrial uses. Development of this property will also require the extension of Wassar Boulevard, which will connect Centerpoint Road with McCarty Road. Additionally, water and wastewater services will have to be extended to serve the property
