Background Information:

The subject properties are a part of College Courts Addition, originally platted in 1948. The property owner is amending the interior lot line to better even out the acreage between the two lots in order to develop two single-family residences. A wastewater main line extension is required to bring wastewater service to the lot. The property owner has received a permit to construct the public improvements and will be posting surety in order to record the plat following approval.

Staff has reviewed the request and determined the requirements of Section 3.2.3.4 and Section 3.4.2 of the San Marcos Development Code have been met.
