### **AGENDA CAPTION:**

Consider approval of Resolution 2019-150R, approving a contract with Troy Scott Najar doing business as Evergreen Southwest for Micro-Solve Chemical product to be used in the City's Sanitary Sewer Collection System in the estimated annual amount of \$70,000; authorizing the City Manager or his designee to execute the contract on behalf of the City; and declaring an effective date. Micro-Solve is a 100% biodegradable formulation that has been used to reduce grease buildup and help control odors in the wastewater collection system.

**Meeting date:** August 20, 2019

**Department:** Public Services...T. Taggart, Director (By Lynda Williams, Purchasing Manager)

### **Amount & Source of Funding**

**Funds Required:** \$70,000 FY20-24

**Account Number:** 22006331.53025

**Funds Available:** Appropriated in FY20 Budget

**Account Name:** Water/Wastewater-Chemicals

**Background Information:**

The “Micro-Solve” chemical is pump-fed from approximately fifteen (15) different stations throughout the City into the sanitary sewer collection system to help prevent grease build-up in key areas of our wastewater infrastructure. These chemicals have been determined to be safe for our wastewater treatment facilities based on a recent study. Other chemicals used by the City to a lesser extent are jet-fed and used only on an as-needed basis.

The City recommends awarding an annual contract to Troy Scott Najar dba Evergreen Southwest (EGSW), San Marcos, TX for the estimated amount of \$70,000. (The unit price for the Micro-Solve is \$1,980 per 55-gallon drum and \$3,000 for multi-drum shipping.)

The Local Government Code, Section 252.022(7) permits a limited exemption from the competitive bidding process if the items to be purchased are available from only one source. The City considers the Micro-Solve Grease availability from only one source, EGSW, for providing a captive replacement part or component for multiple wastewater stations throughout the City.
