Downtown Master Plan

Background Information:

Vision San Marcos, the City's Comprehensive Plan, was approved in March, 2013. This plan serves as a guiding document for many plans and initiatives that the City has undertaken in the last seven years. During that time San Marcos has experienced many changes which have a significant impact on the vision, goals, and objectives found in the plan.

On December 17, 2019 staff presented a recommendation to update the comprehensive plan in order to create updated Visions for the future of San Marcos and to incorporate other planning efforts such as neighborhood planning, resiliency, and housing under these visions.

At this time staff is presenting a draft scope as well as a proposed timeframe for completion of the update.

In addition, Staff will also present the scope of work for the Downtown Architectural Standards.

Council Committee, Board/Commission Action:

At their Work Session on December 17, 2019 City Council directed staff to prepare a draft scope for consideration in order to commence an update to the City's Comprehensive Plan.
