Background Information:

During the past two and a half years, the employees of the City of San Marcos Police Department and the City of San Marcos Fire Department have been exposed to a great deal of work-related trauma including the loss of life and significant critical injuries in the line of duty. Emotional wellness services are a critical part of any employee wellness program and are needed to support the employees of these departments who are on the front lines and experience so much emotional trauma during the course of their careers. The use of seized asset funds (property seized that was used in the commission of a crime) for emotional wellness support is an allowable use of funds through the Asset Forfeiture Program authorized by Chapter 59 of the Texas Code of Criminal Procedure. Funding is available in the account to support the \$50,000 proposed for the budget amendment. This funding will be used to fund approximately 18 months of a pilot program that could, if successful, be considered for funding as part of the regular process in the future.

Recommendation:

Staff recommends passing the budget amendment ordinance to appropriate funding for the use of emotional wellness services for SMPD officers and employees.
