Background Information:

On June 16, 2020, City Council directed staff to post for public review and comment the proposal to reallocate \$125,000 previously awarded in the 2019 CDBG Action Plan to the Paul Pena Park project to be spent on a new Substandard Home Demolition program. The proposed amendment was posted for public comment from July 5 - August 4, 2020. Comments received by the time the City Council packet is assembled will be included in the packet; all comments received after that will be presented at the August 4, 2020 City Council meeting. The proposed program will provide funding for the demolition of homes deemed substandard by Code Compliance for which the owners do not have the funding to demolish the structure. A lien or similar mechanism will be placed on the property to recoup the cost of demolition if the property is sold. This program will benefit the neighborhood by clearing blight and provide a resource to low- to moderate-income owners to address the substandard structure.
