Background Information:

This property was annexed in 2015 as part of a City-initiated annexation. The property maintained the default zoning district of Future Development. The applicant has stated that their intention is to entitle the property to sell.

Council Committee, Board/Commission Action:

At their meeting on September 22, 2020, the Planning & Zoning Commission voted 9-0 to recommend **denial** of the request.

Planning and Zoning Commission Meeting: September 22nd, 2020

Speakers in favor or opposed: Mike Siefert spoke in favor of the request. Randall and Diane Osborne, Steven Aycock, George Gilbert, Dr. Jane Saunders, Mary Ann and Robert Moerke, Dan Caldwell, Lee Elliott Stern, Harold Stern, Diane Eure, Naomi Medina and Richard Medina spoke in opposition of the request.

Recommendation from the Planning and Zoning Commission:

Recommendation for denial 9-0.

According to Section 2.2.4.2 of the San Marcos Development Code, a **super majority vote from City Council** is needed when the Planning and Zoning Commission recommends denial of an application in order for the development application to become effective.

Commissioner Kelsey originally motioned for postponement of the agenda item to allow for the neighbors and the applicant to meet and discuss the intentions of the applicant and work to appease some of the complaints from residents. Many of the complaints were focused on issues involving traffic on LBJ, potential flooding and water mitigation issues, lot sizes and a loss of the natural environment. The applicant made a point of stating that he and Tory Carpenter has tried to hold a previous meeting with the community by had 0 attendance, potentially due to lack of notification for property owners outside of the 400-foot radius as pointed out by the commission. The commissioners raised the question to the applicant of what were the potential lot sizes, the applicant said they were envisioning 50-foot lots for the site.

Commissioner McCarty brought to the attention of the commissioners that in the staff report, the intention of the applicant is to entitle the land to sell, not to develop. The applicant did state that they were only land developers, not home builders, and would only build road ways on the site before selling to a home builder. The motion to postpone was then withdrawn and the discussion for denial was opened, focusing on criteria for denial being the potential traffic issues, environmental impacts and the effects of students. Many of the commissioners spoke in opposition of the zoning change and recommended the case for denial.
