Downtown Master Plan

Background Information:

In June, the City Council approved an amendment to the Downtown Tax Increment Reinvestment Zone #5 Project and Financing Plan. The amendment included funding for the acquisition of property for parking and other public priorities. This resolution authorizes the City Manager to close on Lots 2 & 3, Block 12 of the Original Town of San Marcos located at 128 and 140 S. Guadalupe Street.

This property was submitted for enrollment with Texas Commission on Environmental Quality (TCEQ) in the Voluntary Cleanup Program (VCP.) TCEQ has accepted the enrollment and the resolution also approves the application into the program. The anticipated costs associated with the VCP program will be escrowed out of the purchase price and held until clearance of the site is obtained from TCEQ.

Additional information regarding the properties:

- The final use of the property has not been determined. As per the TIRZ and agenda form the

properties are identified for parking or other public priorities.

- As part of the due diligence in purchasing the properties, monitoring wells were installed for soil and groundwater analysis purposes.
- No soil contamination was found but tetrachloroethane (PERC) and trichloroethane (PCE) were found above Protective Contamination Levels (PCLs) in one well. These chemicals are typically associated with dry cleaning operations.
- Based upon analysis the source of the contamination is 128 & 140 S. Guadalupe.
- The current property owner & the City have been accepted into the Texas Commission on Environmental Quality's the Voluntary Cleanup Program. An amount above the anticipated cleanup costs is being withheld from the purchase payment to fund the effort.
- Because there is no clean-up responsibilities associated with 152 S. Guadalupe, no funding is being withheld.
