**Background Information:**

On October 21, 2014, the City Council approved Resolution No. 2014-149R, creating the Whisper PID to finance certain Authorized Improvements for the benefit of certain property within the PID.

On June 2, 2020, the City Council approved the original Service and Assessment Plan (SAP) and levied \$14,300,000 in Assessments to finance the Authorized Improvements to be constructed for the benefit of the Assessed Property within the PID by approving Ordinance No. 2020-42. The original Service and Assessment Plan identified the Authorized Improvements to be provided by the PID, the costs of the Authorized Improvements, the indebtedness to be incurred for the Authorized Improvements, and the manner of assessing the property in the PID for the costs of the Authorized Improvements. The City also adopted an Assessment Roll identifying the Assessment on each Parcel within the PID, based on the method of assessment identified in the original Service and Assessment Plan.

Three Parcels within the District have been sold or are in the process of being sold from the Developer to third parties, and the Developer desires for the Assessments to be reallocated to these Parcels to aid in the sales process. This SAP Update reallocates Assessments from the Parcels shown in the original Service and Assessment Plan to the newly created Parcels resulting from the sale of these three Parcels.

Pursuant to the Act, the SAP must be reviewed and updated annually. This annual update will be performed later in 2021.
