Background Information:

The proposed professional services agreement with Lopez Salas Architects, Inc. will provide Architectural/Engineering space planning and cost estimate services. This initiative will assist to determine the size and cost estimate for the new City Hall, as part of a larger project (Hopkins Gateway Project). The space planning will take into account current and future staffing needs. Staff anticipates this work to be completed in six (6) months.

These services do not include facility design; the design phase begins in the future using the results of the space planning initiative.
