CITY COUNCIL GOAL: Maintain Fiscal Responsibility

BACKGROUND:

This year's budget totals \$214,053,615 a 13.9% or \$27.0M, increase from fiscal year 2017. The budget proposes a tax rate of 61.39 cents per \$100 valuation and increase of 8.37 cents from the adopted fiscal year 2017 rate of 53.02 cents. Voters approved the increase of 8.37 cents for the debt service of and operating expenses for public safety and library projects.

The proposed budget accomplishes numerous initiatives including continued city beautification and enhancement, code enforcement, key personnel, and sound finances. This budget appropriates amounts to fund the third year of the police and fire meet and confer agreement that was effective October 1, 2015, non-civil service employee merit increases, 5% health insurance increase, software for key processes, and professional services to support the continued growth and development of the City. Key personnel additions include electric engineering tech I, public services inventory tech, cross connection control bfp tech, water quality technician, drainage maintenance operator I, and a drainage engineer.

The fiscal year budget also includes economic development incentives for the new Best Buy call center totaling \$4.7M and the new Amazon distribution center of \$876K.

The City Council held workshops in April to formulate the budget policy. This policy was used to create the base budget and this, along with City Manager recommended additions, was presented to City Council during workshops on July 24 and July 26.

Exhibit A to the budget is the Authorized Personnel Schedule that has been updated to add the new positions discussed with the City Council at previous budget workshop meetings.
