- ☐ Land Use - Choose an item.
- ☐ Neighborhoods & Housing - Choose an item.
- ☐ Parks, Public Spaces & Facilities - Choose an item.
- ☐ Transportation - Choose an item.
- ☒ Not Applicable

Master Plan: N/A

Background Information:

The purpose of a Preliminary Plat is to establish lot design for a subdivision, establish utility layouts, and street

and intersection design. The Preliminary Plat stage ensures that the final plat design, if final platting is accomplished in phases, is consistent with the overall plan for the area. Preliminary Plats are not recorded and are not the legal document used for sale of lots, but rather are used to allow for comprehensive review of the proposed development.

This plat shows the establishment of 2,227 single-family lots with two commercial lots as well as a lot for a wastewater treatment plant. Multiple local streets are also proposed with this preliminary plat. The applicant has indicated that the property will be developed in phases. Parkland fee-in-lieu will be calculated at the time of final plat and is required to be paid prior to the recordation of the final plat. No portion of the property is proposed to be served by the City of San Marcos. The property owner has entered into a development agreement with Hays County; it was approved by Hays County Commissioners Court on April 24, 2018. The plat has been reviewed by Hays County officials and meets all Hays County platting requirements.

Council Committee, Board/Commission Action: N/A

Alternatives: N/A

Recommendation:

Staff has reviewed the request and determined that all of the above criteria have been met and is recommending **approval** of this preliminary plat as submitted.
