**Background Information:**

On December 20, 2016, City Council approved a two-year ground lease for Coast Flight Training & Management to install a temporary modular facility. The modular facility has been utilized for classroom instruction and office space.

Coast has been working closely with airport management and the Greater San Marcos Partnership to determine an appropriate long-term, permanent solution. Coast has continued to grow and has contributed significantly to airport operations, based aircraft counts, and fuel sales while training US Military helicopter pilots who are transitioning to civil airline pilots.

Coast has requested an additional year on the ground lease to continue working through the details of a permanent location.

The amendment changes the lease term from a two years to three years (new expiration of December 19, 2019) and increases rent by 10% beginning in the third year.
