### **Background Information:**

Highpointe Communities has approximately 420 acres of land, generally located on the east side of IH-35, south of Posey Road, and also bordered by Old Bastrop Highway, at the southern edge of the City of San Marcos. The property is primarily for residential housing along with a component of multi-family along with a business park and community commercial.

On September 1, 2015, the City of San Marcos approved a term sheet that designated the parameters for which a Public Improvement District for the Trace Subdivision would be created. The key terms of this term included the following:

Maximum Total Indebtedness \$19,500,000

Total Construction Dollars for which the developer can be reimbursed \$15,500,000

The Maximum Total Equivalent Tax Rate could not exceed \$0.50

In October 2016, the City Council adopted a Service and Assessment Plan for the Trace Public Improvement District. Periodic updates to this document are required by the San Marcos City Council usually on an annual basis. The Trace Development is to the point in its project where an update to the Service and Assessment Plan needs to be brought before the City Council. During the update of those documents, a request was made by the developer to amend the deal terms of the Public Improvement District so that the overall Business Park and Commercial equivalent tax rates could be reduced thus making the commercial property more competitive. This does slightly increase the overall residential equivalent tax but the total tax rate is still below the originally approved \$0.50 tax rate.

#### Projected Tax Rate Equivalents

Residential and Multifamily \$0.3387 per \$100 of evaluation

Retail and Business Park \$0.1900 per \$100 of evaluation

Initial projections for all phases was approximately \$0.46 per \$100 of evaluation

This increases the overall maximum assessment to \$22.1M up from \$19.5M but it should be noted that this does not increase the overall maximum debt to be issued for this project (\$19.5M) nor the amount that the developer will be reimbursed for construction improvements (\$15.5M)

The developer has installed a significant portion of the infrastructure which directly benefits the Public Improvement District. The City has been working with the City's Bond Counsel and Underwriter's as well as the developer and their legal representatives to issue the first series of Public Improvement Bonds in the

December/January timeframe. Part of the PID statute calls for the City Council approval of the Preliminary Limited Offering Memorandum (PLOM) which will be used by the Underwriters in the marketing and sale of PID bonds.
