Background Information:

The Maxwell Water Supply Corporation is a neighboring water supply utility that has CCN areas in the North and Northeast Quadrants of San Marcos and serves some areas within the City limits. It desires to change from the current Water Supply Corporation (WSC) format to a Special Utility District (SUD) and is initiating legislation to do so having secured an affirmative vote of its membership regarding the change. Maxwell WSC has requested a resolution of support from neighboring cities and water providers and to date, Kyle, Lockhart, CRWA and County Line WSC have done so. A resolution is attached for council consideration
